Year Built:	2012

FROM RUNWAY TO LUXURY LIVING

This property offers a rare combination of a jet-capable hangar along with a fully functional residential and office space, making it ideal for pilots, business owners, or investors seeking a flexible live/work aviation environment in the Texas Hill Country.

The hangar features a 60-foot wide by 16-foot 7" high full hydraulic door, allowing accommodation for a wide range of aircraft including light and many midsize jets, turboprops, and high-performance piston aircraft.

Connected to the hangar is a well-appointed residential and office area that includes a full kitchen, luxurious bathroom, master bedroom, living room, and additional bedroom. The interior has also been prepared for expansion, making it easy to convert additional space into a game room, office suite, lounge, or extended living area. The construction of the living quarters is excellent craftsmanship with solid and quiet construction materials.

Boerne Stage Airfield is widely recognized as one of the most desirable aviation communities in the region, located in the beautiful Texas Hill Country just minutes from Boerne and northwest San Antonio. The airfield offers a strong aviation environment, convenient access, and a unique lifestyle that continues to drive demand for hangar space in the area.
