THINK BIG

*We have room for any business to grow –
execute your vision at China Basin.*

Located on Mission Creek and Berry Street between 3rd and 4th streets, China Basin has been an enduring symbol of commerce and industry for nearly a century.

The landmark Wharfside Building was constructed by Southern Pacific Railroad in 1922. The Berry Building was added in 1991 and further supplemented in 2008 by a 2-story add-on using a mid-structure base isolation system, a first in U.S. history.

The 940,000 square foot campus stretches over 800 linear feet and provides efficient rectangular floorplates averaging over 85,000 square feet accommodating corporate office, technology, and life science tenants.

WIDE OPEN

Innovative open spaces for balanced work and social experience.

China Basin has the longest floorplates in San Francisco and over 55,000 square feet open space, more than any privately owned building in the city. A multi-level promenade with outdoor seating allows tenants to enjoy spectacular Bay views everyday and provides a space to host truly memorable events for employees and clients.

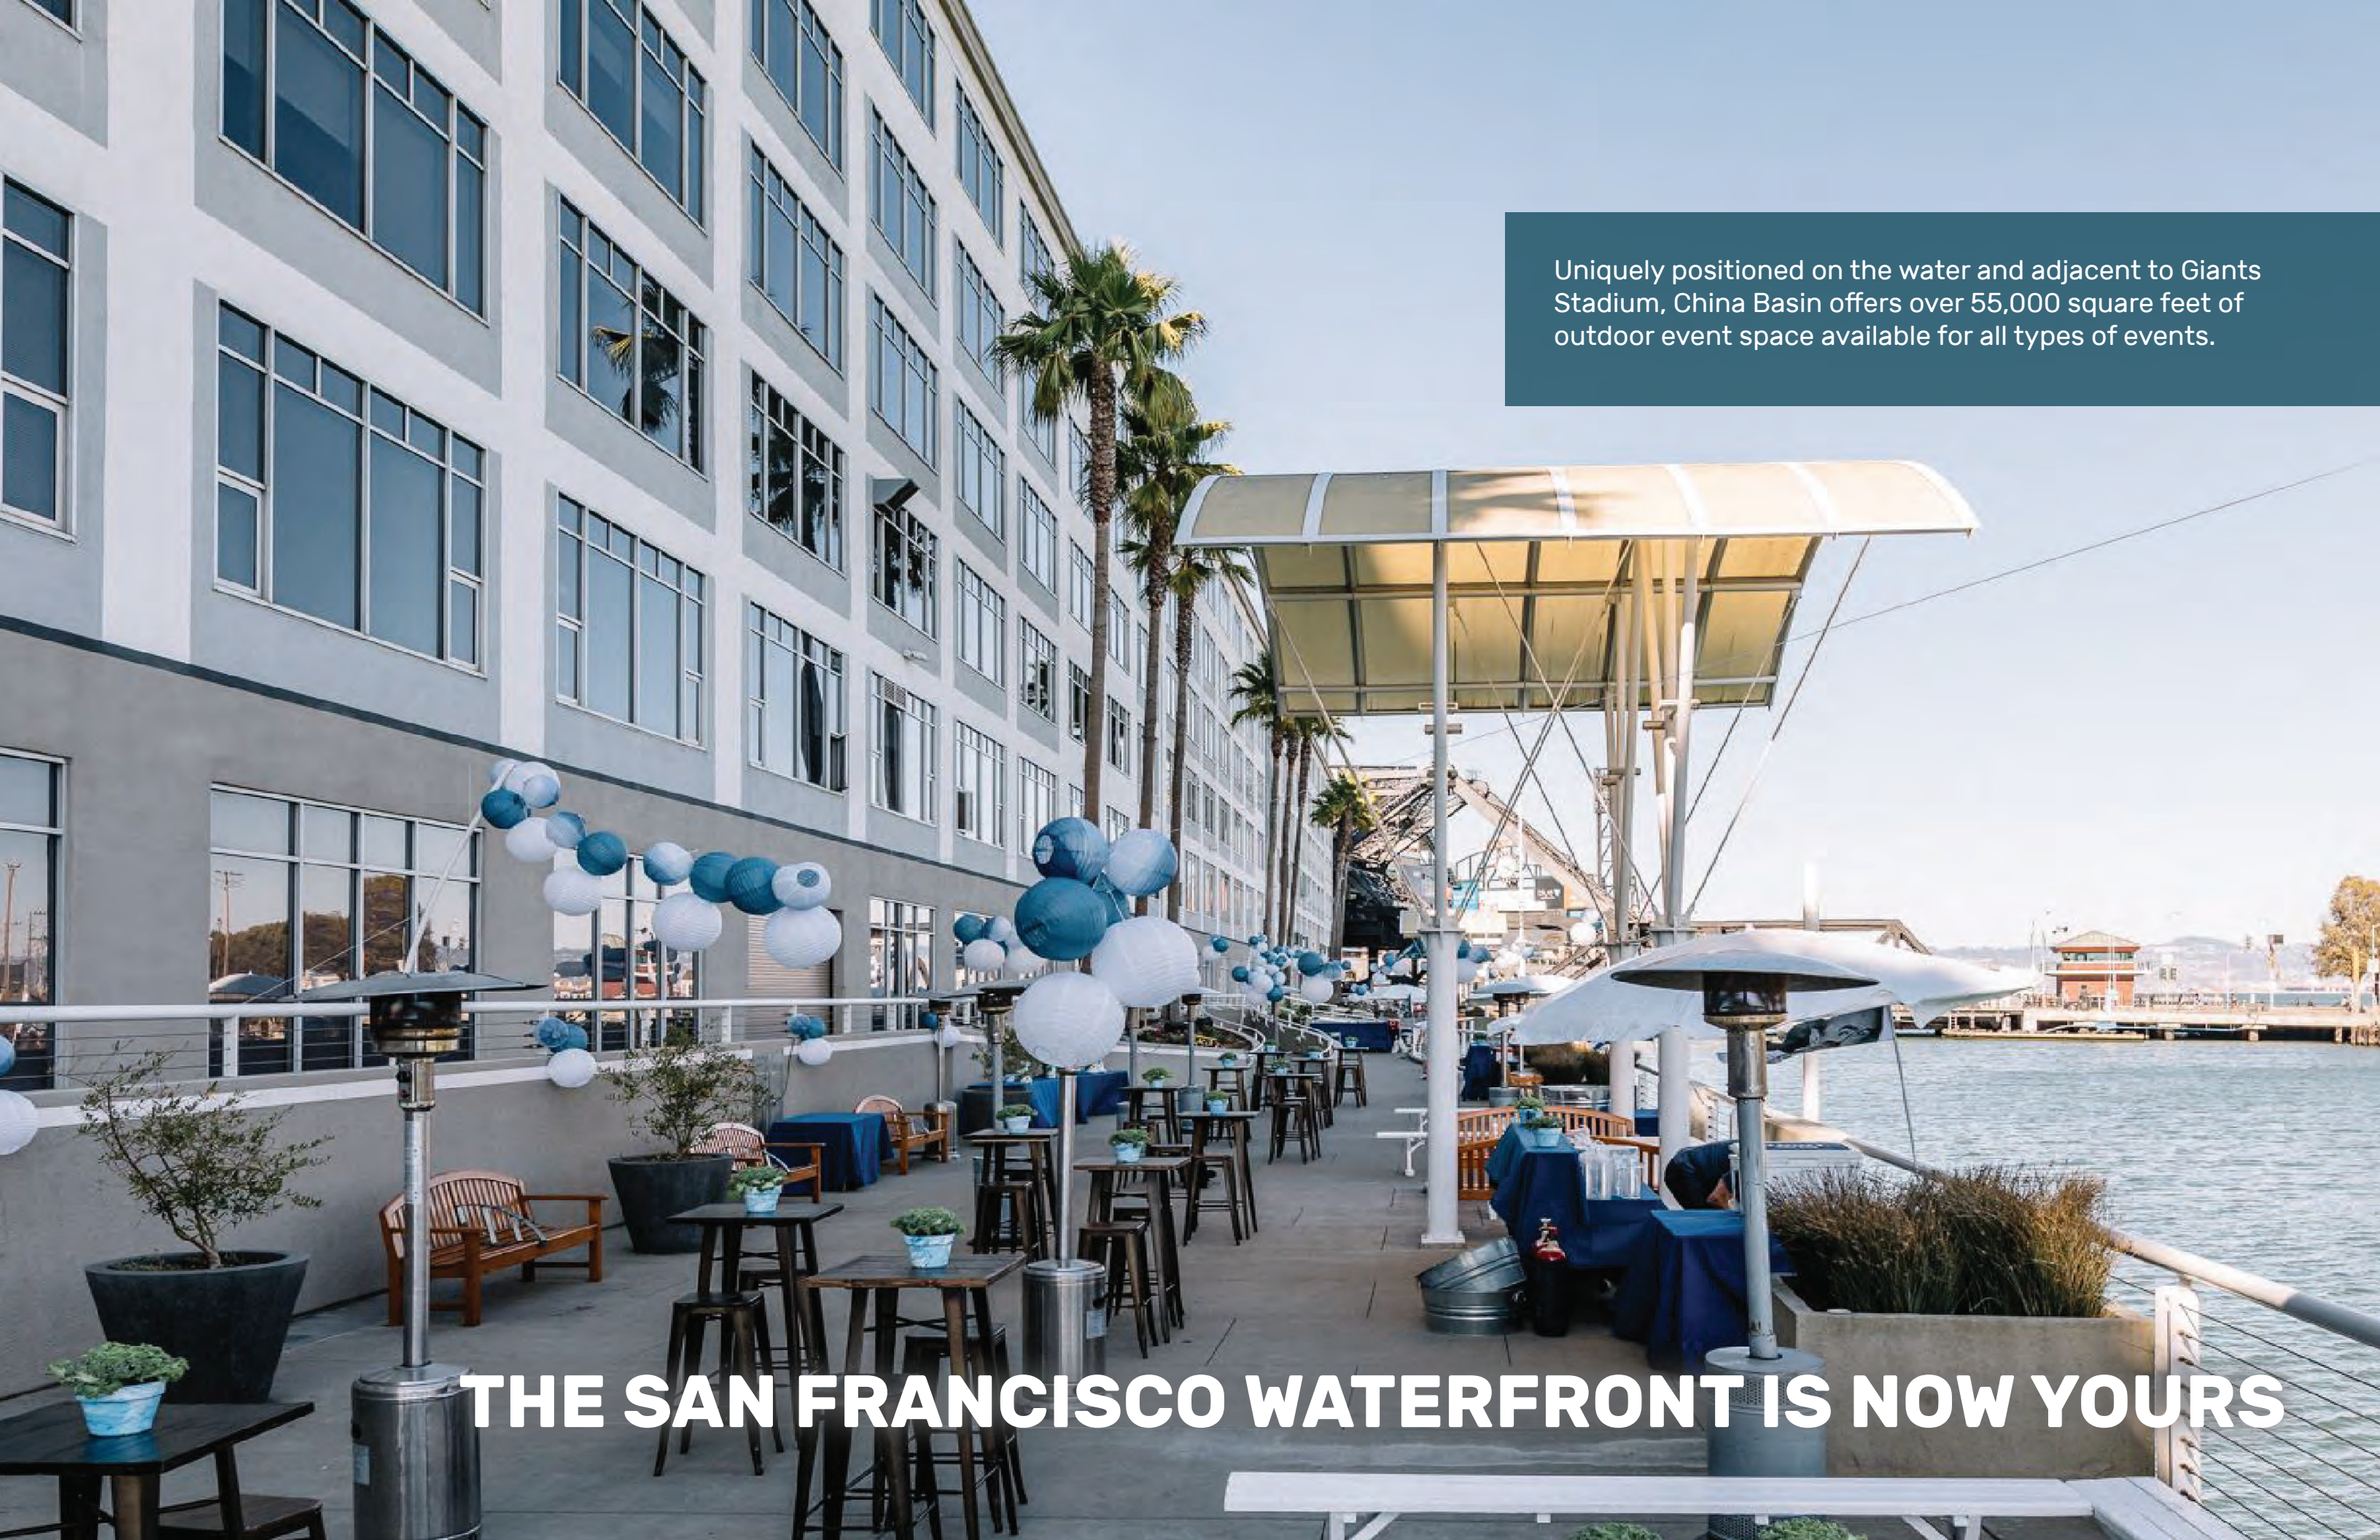

Our newly designed Courtyard features multiple outdoor living rooms and meeting areas complete with comfortable seating, fire pits and overhead heating elements.

TENANT EXCLUSIVE OUTDOOR BALCONIES ALLOWING FOR INDOOR/ OUTDOOR WORKSPACE OR SOCIAL EVENTS ANY TIME OF DAY.

A wide-angle photograph of a waterfront terrace. On the left is a multi-story modern building with a grid of windows. The terrace is paved and features several small wooden tables with stools, some with blue tablecloths. Decorative blue and white paper lanterns are strung across the area. A large, modern white umbrella with a glass top provides shade. In the background, palm trees and a body of water are visible, with a bridge and city skyline in the distance.

Uniquely positioned on the water and adjacent to Giants Stadium, China Basin offers over 55,000 square feet of outdoor event space available for all types of events.
