# NEIGHBORHOOD ANALYSIS

The subject property is in Hood County, and located approximately half way between South Fort Worth area (Benbrook) and Granbury, Texas.

The population of Cresson is approximately 2,200 residents. Highway 377 is the primary artery that extends through the City of Cresson. Cresson Highway (Highway 171) also provides travel between the cities of Cleburne and Weatherford.

One of the larger developments near Cresson is Motorsport Ranch, a privately operated auto race track facility established in 1996. Cresson Crossroads, where subject property is located, is the largest mixed use subdivision in the area, where numerous lots have been developed with a mixture of commercial, warehouse and industrial buildings. Much of the land around the City of Cresson is undeveloped.

The City of Granbury is experiencing substantial growth and new development over recent years. Due to this growth, traffic on Highway 377 has increased dramatically. The main intersection in Cresson frequently has long traffic lines due to the railroad tracks that block the Highway 377 and Highway 171 intersection. TXDOT has a bypass under construction that will allow traffic on Highway 377 to evade the main intersection in Cresson, which will greatly improve traffic flow in the area.

# Information About Brokerage Services

Texas law requires all real estate license holders to give the following information about brokerage services to prospective buyers, tenants, sellers and landlords.

11-2-2015

### TYPES OF REAL ESTATE LICENSE HOLDERS:

- **A BROKER** is responsible for all brokerage activities, including acts performed by sales agents sponsored by the broker.
- **A SALES AGENT** must be sponsored by a broker and works with clients on behalf of the broker.

### A BROKER'S MINIMUM DUTIES REQUIRED BY LAW (A client is the person or party that the broker represents):

- Put the interests of the client above all others, including the broker's own interests;
- Inform the client of any material information about the property or transaction received by the broker;
- Answer the client's questions and present any offer to or counter-offer from the client; and
- Treat all parties to a real estate transaction honestly and fairly.

### A LICENSE HOLDER CAN REPRESENT A PARTY IN A REAL ESTATE TRANSACTION:

**AS AGENT FOR OWNER (SELLER/LANDLORD):** The broker becomes the property owner's agent through an agreement with the owner, usually in a written listing to sell or property management agreement. An owner's agent must perform the broker's minimum duties above and must inform the owner of any material information about the property or transaction known by the agent, including information disclosed to the agent or subagent by the buyer or buyer's agent.

**AS AGENT FOR BUYER/TENANT:** The broker becomes the buyer/tenant's agent by agreeing to represent the buyer, usually through a written representation agreement. A buyer's agent must perform the broker's minimum duties above and must inform the buyer of any material information about the property or transaction known by the agent, including information disclosed to the agent by the seller or seller's agent.

**AS AGENT FOR BOTH - INTERMEDIARY:** To act as an intermediary between the parties the broker must first obtain the written agreement of *each party* to the transaction. The written agreement must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. A broker who acts as an intermediary:

- Must treat all parties to the transaction impartially and fairly;
- May, with the parties' written consent, appoint a different license holder associated with the broker to each party (owner and buyer) to communicate with, provide opinions and advice to, and carry out the instructions of each party to the transaction.
- Must not, unless specifically authorized in writing to do so by the party, disclose:
  - o that the owner will accept a price less than the written asking price;
  - o that the buyer/tenant will pay a price greater than the price submitted in a written offer; and
  - o any confidential information or any other information that a party specifically instructs the broker in writing not to disclose, unless required to do so by law.

**AS SUBAGENT:** A license holder acts as a subagent when aiding a buyer in a transaction without an agreement to represent the buyer. A subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first.

### TO AVOID DISPUTES, ALL AGREEMENTS BETWEEN YOU AND A BROKER SHOULD BE IN WRITING AND CLEARLY ESTABLISH:

- The broker's duties and responsibilities to you, and your obligations under the representation agreement.
- Who will pay the broker for services provided to you, when payment will be made and how the payment will be calculated.

**LICENSE HOLDER CONTACT INFORMATION:** This notice is being provided for information purposes. It does not create an obligation for you to use the broker's services. Please acknowledge receipt of this notice below and retain a copy for your records.

## SALE/LEASE AMERICANS WITH DISABILITIES ACT AND HAZARDOUS MATERIALS DISCLOSURE

The United States Congress has enacted the Americans With Disabilities Act. Among other things, this act is intended to make business establishments equally accessible to persons with a variety of disabilities; modifications to real property may be required. State and local laws also may mandate changes. The real estate brokers in this transaction are not qualified to advise you as to what, if any, changes may be required now, or in the future. Owners and tenants should consult the attorneys and qualified design professionals of their choice for information regarding these matters. Real estate brokers cannot determine which attorneys or design professionals have the appropriate expertise in this area.

Various construction materials may contain items that have been or may be in the future be determined to be hazardous (toxic) or undesirable and may need to be specifically treated/handled or removed. For example, some transformers and other electrical components contain PCB's and asbestos has been used in components such as fire-proofing, heating and cooling systems, air duct insulation, spray-on and tile acoustical materials, linoleum, floor tiles, roofing, dry wall and plaster. Due to prior or current uses of the Property or in the area, the Property may have hazardous or undesirable metals, minerals, chemicals, hydrocarbons, or biological or radioactive items (including electric and magnetic fields) in soils, water, building components, above or below-ground containers or elsewhere in areas that may or may not be accessible or noticeable. Such items may leak or otherwise be released. Real estate agents have no expertise in the detection or correction of hazardous or undesirable items. Expert inspections are necessary. Current or future laws may require clean up by past, present and or/future owners and or/operators. It is the responsibility of the Seller/Lessor and Buyer/Tenant to retain qualified experts to detect and correct such matters and to consult with legal counsel of their choice to determine what provisions, if any, they may wish to include in transaction documents regarding the Property.
