**ECONOMIC STRENGTH RANKINGS**  
**(543 Micropolitan Areas)**

Micropolitan Statistical Areas are "quasi-rural," smaller areas. A Micropolitan Area must have a city of at least 10,000 people, but fewer than 50,000. It must be at least one county, and many are a single county. There are 543 Micropolitan Statistical Areas (OMB Bulletin 20-01). One of the important criteria for POLICOM's rankings is the "consistency" of the economy.
