Chobani to invest \$1.2 billion into building a 1.4 million square-foot dairy processing plant at Griffiss Business and Technology Park — the largest investment in natural food manufacturing in the United States. The Triangle Site, measuring around 332 acres at Griffiss International Airport, will house the new Greek yogurt manufacturing facility. Chobani aims to create more than 1,000 jobs in Oneida County, nearly doubling Chobani's New York State workforce.
