Contemporary class with fun and fresh design

This tastefully modern masterpiece boasts an eclectic blend of materials, fabrics, and furnishings that are sure to impress. Metal and woodwork complement a relaxed color palette, while leather, ceramic, and glass pair well with vibrant in-house art for a bold and exciting look and feel.

- Perforated metal communicating stairs feature a bright pink handrail and wraparound drink ledge, coupling circulation with communication
- Routed ply panels and full-height glass offer a classic office touch, while neon lights—including a “Charlotte” fixture behind the Community Desk—add a youthful feel
- Custom neon pendants for each floor’s elevator lobby are made completely in-house by WeWork’s design team

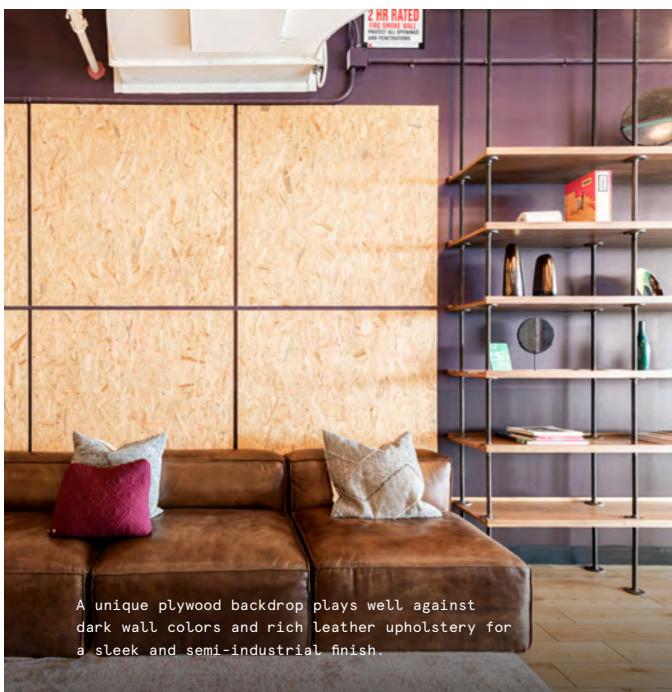

Neon lights glow against this space's bright white walls, adding a fun pop of color and making sure every area really shines.

Private nooks with plush seating and a rich color palette provide a place to work solo or have a private brainstorming session.

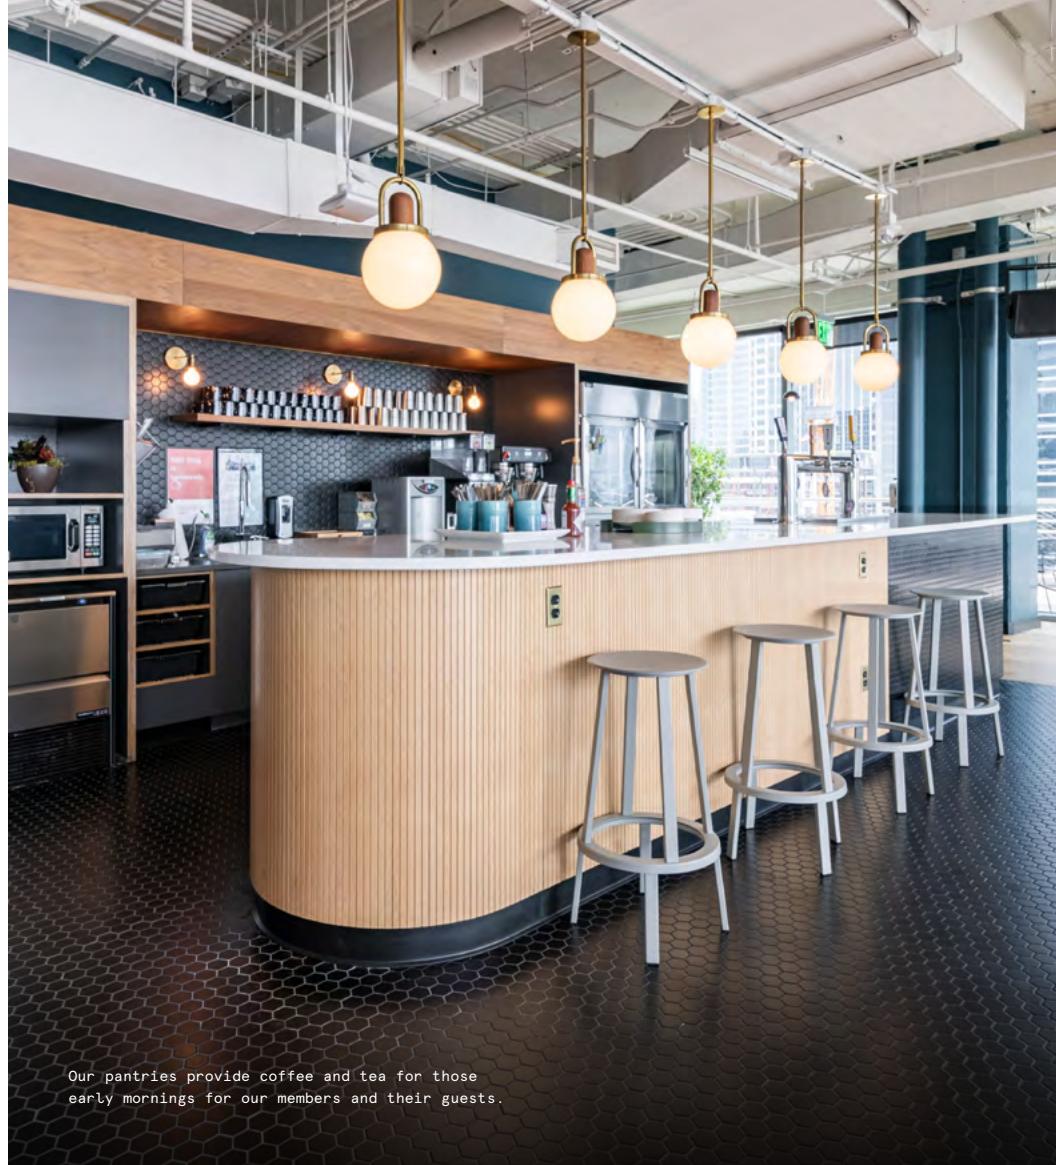

Forget going outside or into the hallway—our phone booths give members all the privacy and quiet they need.

A unique plywood backdrop plays well against dark wall colors and rich leather upholstery for a sleek and semi-industrial finish.

The blue neon "Charlotte" sign hangs loud and proud behind the Community Bar, paying homage to one of the South's finest cities.
