### PROPERTY SUMMARY

Ideally located 2.6 acre commercial development track just off the I-12 interchange on busy S. Airport Rd in Hammond. Hammond, Louisiana is a vibrant city with a rich cultural heritage, located in the heart of the Gulf South region. With its friendly atmosphere and growing population, Hammond is becoming known for its business-friendly environment and growing economic opportunities. The city offers many advantages for businesses, including its growing population, excellent transportation options via highways like I-12 and S. Airport Rd, and its proximity to New Orleans, providing access to a larger market. The city also has a highly educated population and a workforce largely employed in the manufacturing and construction industries, making it a prime location for both hospitality and industrial businesses. Additionally, the strong traffic counts in the area, with an average of 23,000 vehicles per day along S. Airport Rd and approximately 75,000 vehicles per day along I-12, are a testament to the strong consumer base and high levels of vehicular traffic, making it a prime location for increased visibility and accessibility for businesses.
