COUNTY/STATE IMPROVEMENTS

The property at 400 & 420 Victoria Road is located at the northern end of the Bells Ferry Road Widening Project. This is a \$100 million infrastructure investment by Cherokee County and the State of Georgia to expand the road from a two-lane bottleneck into a four-lane divided highway with a center median.

IMPACT ON PROPERTY

New ownership will benefit from road expansion. If this parcel or the adjacent parcel is (re)developed, the road construction will be nearing completion simultaneously upon completion of property construction. The property will transition from abutting a narrower, two-lane road to sitting at a major four-lane intersection. This infrastructure ensures the site will be a primary travel route for the Woodstock and Holly Springs communities for decades to come.

DIRECT BENEFITS TO PROPERTY

Massive Increase in Traffic

Daily car counts are expected to grow from roughly 19,600 to over 36,000 vehicles per day. This provides the property with significantly higher visibility and more potential customers passing the site.

Maintained Traffic Light

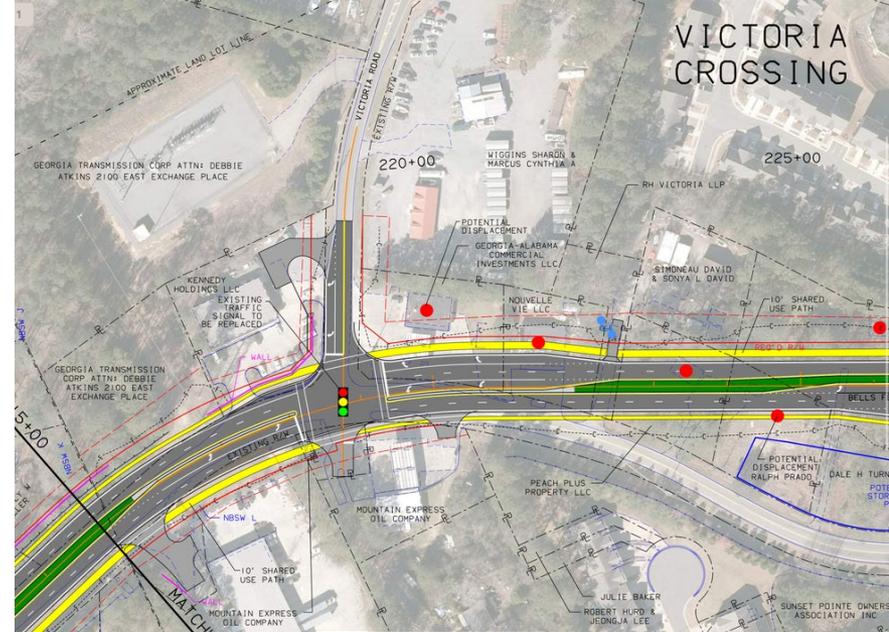

The project confirms the traffic light at the corner of Victoria Road and Bells Ferry Road will remain and be upgraded with new equipment. This ensures easy, controlled turns into and out of the property.

New Sidewalks and Paths

A new 10-foot-wide paved path will be built directly along the side of the road touching this property. This makes the site much more accessible to neighbors walking or biking in the area.

Cleaner Appearance

The old open ditches will be replaced with modern concrete curbs, gutters, and a landscaped grass median in the center of the road, giving the entire area a more professional, "finished" look.
