INVESTMENT AND/OR OWNER-USER OPPORTUNITY IN THE CARMICHAEL COMMERCE CENTER

Carmichael Commerce Center is an exceptional 32,760 square foot industrial/flex property situated on 1.82 acres in the vibrant Carmichael, CA submarket. The property has been incredibly well maintained and updated over the last 20 years by the current ownership, with nearly all of the major upgrades/capital expenses addressed with no known deferred maintenance issues in the near term. **Strategically located at 5802 Robertson Avenue, this versatile property offers an excellent opportunity for both investors and/or owner-users.**

FOR THE INVESTORS:

- **Flexible Space:** Ideal for a wide range of industrial and office uses.
- **Strong Investment Potential:** With restructuring leases to NNN (which are all currently modified gross) and increasing rents to market rates, this property can generate a substantial 7.45% return starting in year 2.
- **Short-Term Leases:** Benefit from the flexibility of short-term leases. All leases are currently month-to-month allowing a new owner to increase the currently well below market rents, restructure them to NNN and drive the yield to 7.45% in year 2.
- **Rent Growth Potential:** All leases are below market, allowing for significant rent growth with a mark-to-market leasing strategy.

FOR OWNER/USERS:

- **Existing Income:** The property is currently 100% leased (all short term leases under 12 months), providing an owner/user with income post acquisition.
- **Significant Savings:** Owning this property can save you nearly \$3.3 million over 10 years compared to leasing, when factoring in rent, NNN expenses, principal pay down, depreciation and appreciation.
- **Tax Advantages:** Enjoy the benefits of depreciation, principal paydown, and potential property appreciation.
- **Control and Flexibility:** Have full control over your place of business and the ability to customize it to your specific needs.
- **Long-Term Stability:** Secure your business operations in a stable and growing market.
- **Community Engagement:** Become a valued member of the Carmichael business community and contribute to local economic development.

Lastly, there is a unique opportunity to condominium-ize the suites and sell individual warehouse/flex condos, which at \$250 per square foot, would generate a total resale price of \$8,190,000 less the cost of placing a condo map on the property.

Don't miss this rare opportunity to acquire a prime industrial/flex property in Carmichael. Contact us today to schedule a tour and learn more about how this property can fit your investment goals.
