Executive Summary

LIST PRICE
\$9,000,000

Media Realty & Advisors has been appointed exclusive agent for the disposition of four mobile home parks in Okeechobee, FL. The parks are located within 5 miles of one another with two parks, Dew Drop and Okeechobee Lake, being contiguous. Combined these parks represent 175 pads.

There is a **positive and growing appetite** to acquire **mobile home parks in Okeechobee, Florida**, driven by several compelling market dynamics:

Affordable Housing Demand

- Mobile home parks offer a low-barrier entry to homeownership or rental, making them increasingly attractive in markets like Okeechobee where affordable housing options are limited.
- Rising housing costs in South and Central Florida are pushing investors to target tertiary markets like Okeechobee for yield and long-term stability.

Interest in Stable, Cash-Flowing Assets

- Mobile home parks are viewed as **recession-resistant** with **low turnover and high occupancy rates**.
- Institutional and private investors alike are drawn to the **high cap rates** typically found in smaller Florida markets compared to metro areas.

Local Market Appeal

- Okeechobee has a **growing retiree and seasonal population**, ideal for mobile home living.

- The city benefits from **proximity to Lake Okeechobee** and recreation areas, making it attractive for both permanent residents and snowbirds.

Low Operational Costs

- Compared to multifamily, MHPs often have **lower management and maintenance overhead**, especially when tenant-owned homes are prevalent.
- This appeals to value-add investors looking to optimize operational efficiencies.

Zoning and Regulatory Climate

- Okeechobee County has historically been more permissive toward mobile home developments than many coastal areas
- This relative flexibility creates opportunities for **expansion or infill development**.

Investor Interest:

- **High Yield Potential:** Compared to traditional multifamily assets, mobile home parks (MHPs) often offer **superior cap rates**, with many investors targeting higher cap rate in tertiary markets like Okeechobee.

Value-Add Opportunities:

- **Pad Upgrades & Utility Infrastructure:** Investors see value in **increasing lot counts**, upgrading septic and water systems, and billing utilities back to tenants. Thus is the case for the portfolio offered.

The Okeechobee Mobile Home Park Investment Opportunity

Why Investors Choose Mobile Home Parks

Mobile Home Parks (MHPs) are a uniquely resilient asset class, prized by both institutional and private investors for their consistent performance across economic cycles. Their inherent stability is a key differentiator in today's market.

Recession-Resistant

The demand for affordable housing remains strong regardless of economic conditions, leading to consistent income streams.

Low Turnover

The high cost of moving a mobile home means tenants often stay for years, resulting in exceptionally stable occupancy rates.

High Cap Rates

MHPs in markets like Okeechobee typically offer superior capitalization rates and higher yields compared to traditional multifamily assets.

The Allure of Okeechobee

Okeechobee's appeal extends beyond its affordability. The city's strategic location and natural beauty make it a magnet for a diverse and growing population, creating a perfect environment for mobile home communities to thrive.

Lake Okeechobee Access

Proximity to the legendary lake offers world-class fishing, boating, and outdoor recreation, attracting tourists and permanent residents alike.

Retiree & Snowbird Haven

The area's warm climate and relaxed lifestyle are ideal for a growing retiree and seasonal population seeking an affordable Florida experience.

Growing Local Economy

A stable local economy provides a solid foundation for long-term residential stability and community growth.

Highlights of the Individual Parks

Cloverport Mobile Home Park; 7650 Highway 78 W. Okeechobee

- Cloverport Mobile Home Park is located minutes from Lake Okeechobee, Kissimmee River and downtown Okeechobee (2.7 miles) with its dining and shopping, & less than 6 miles from the up-and-coming Bass Pro Resort at 10430 W Highway 78.
- Cloverport Mobile Home Park is a 27 lot/pad and one CBS studio apartment complex with laundry facilities rented on an annual basis. And sits on over 2.5 acres, with three entrances, sub-metered public water & septic.
- 6 units are park owned, 15 units are tenants owned (lot rent only), 1 unit is financed and there are 6 vacant pads. Water expense is passed through to the tenant's owner mobile homes.
- There are 5 brand 560 SF new mobile one bedroom/one bath homes recently delivered and installed, estimated to rent for \$1200 per month. The value-add lies in leasing the 6 vacant pads or installing new MH's at a cost of approx. \$58,000 per unit providing a 9.5%-10% cap rate with an investment estimated at \$348,000.

Dew Drop Mobile Home Park; 8791 Highway 78 W., Okeechobee

- The Dew Drop Mobile Home Park sits on 3.9 acres and contains 57 pads with one folio.
- The park consists of lot rents only as each mobile home is tenant owned.
- The MHP is less than 5 miles to the central Business district of downtown Okeechobee

Okeechobee Lake Mobile Home Park; 8951 Highway 78 W., Okeechobee

- Okeechobee Lake Mobile RV Park contains 66 pads (lot rent only)
- This park is contiguous to Dew Drop Mobile Home Park and together they have a combined 126 pads. The park consists of lot rents only as each mobile home is tenant owned.
- The MHP is less than 5 miles to the central Business district of downtown Okeechobee
- The park has one folio number

Palm Drive Trailer Park; 3307 and 3611 SE 36th Ave; Okeechobee

- The property possesses two folio numbers and is situated on a canal with access to Lake Okeechobee. The park has 24 pads and collects rent for lot rent only.

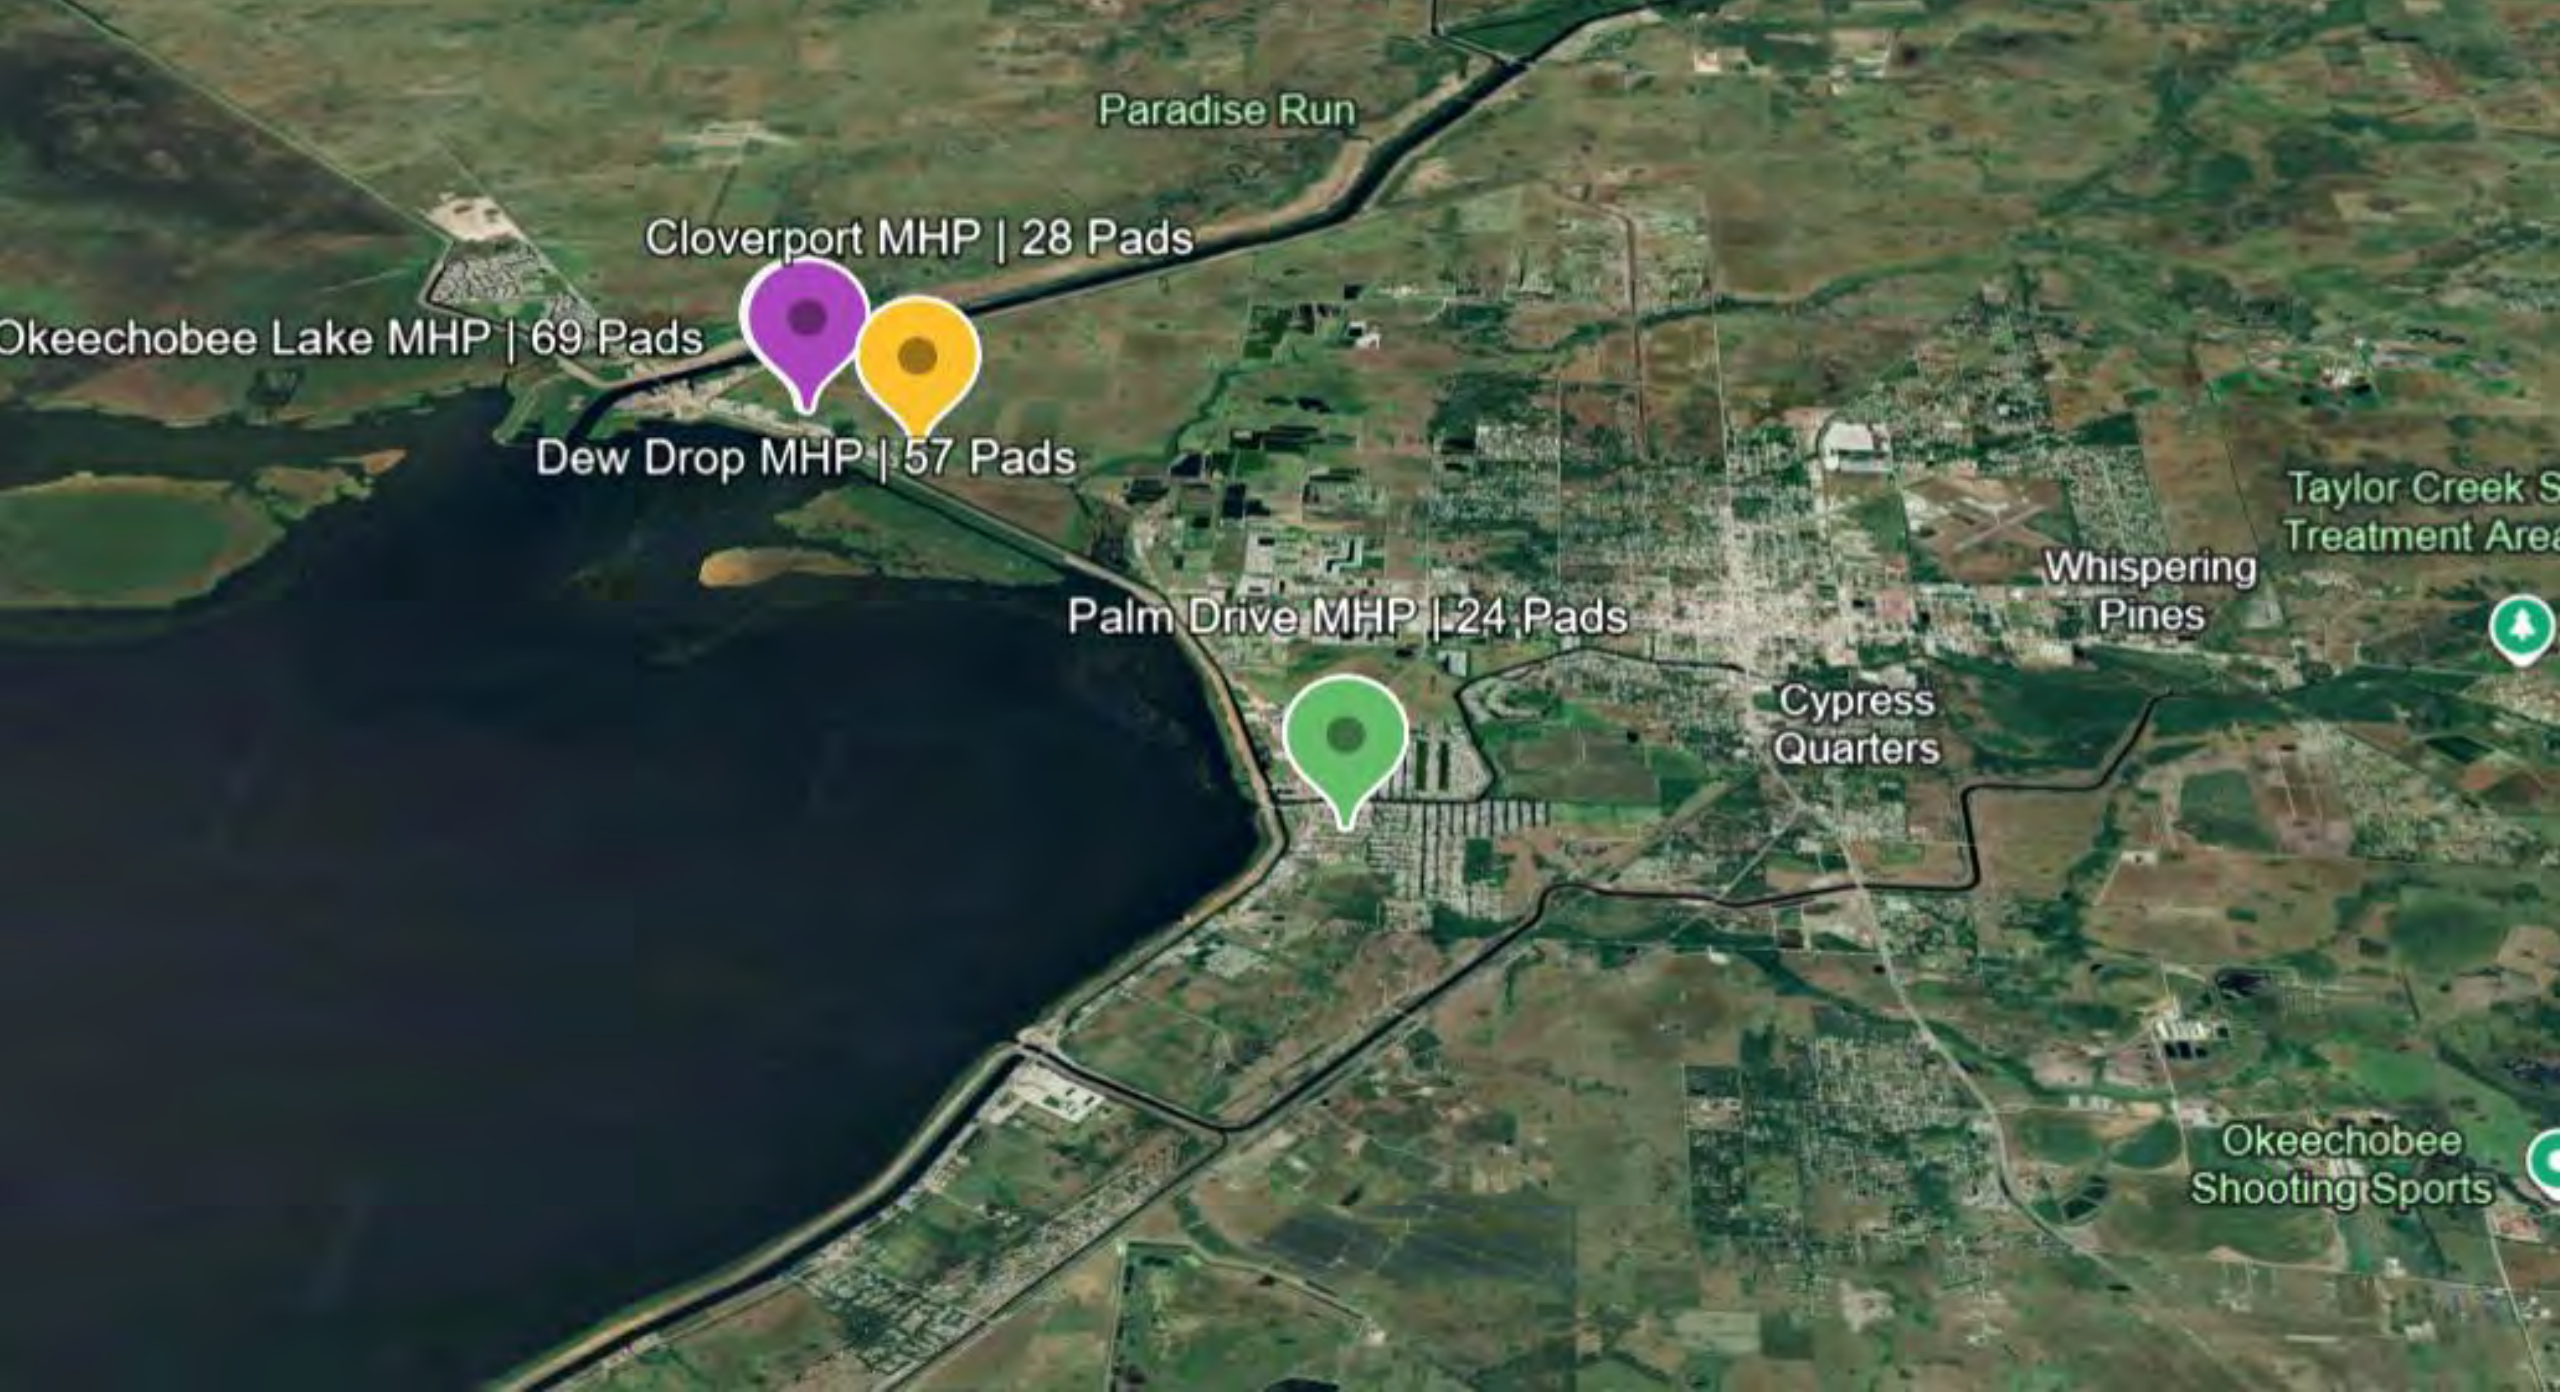

Value-Add Investment Opportunity

This portfolio represents a compelling **value-add opportunity**, offering upside through **rent adjustments** and **strategic infill**. Currently operating below market rents, the communities provide immediate potential for increased revenue through lease-up of vacant pads and rental rate realignment.

The offering includes the potential to place **7 additional mobile homes** on existing vacant lots.

Market research indicates that typical lot rents in the surrounding area average **\$500 per month**, while legacy leases at the subject properties are currently **under market by approximately \$50 per pad**, highlighting an additional income growth lever.

LOCATION

WELCOME TO OKEECHOBEE

WELCOME TO THE CITY OF OKEECHOBEE

If you're looking for a friendly, rural, small-town community with a forward-thinking attitude, you'll feel right at home here in Okeechobee!

While it has a number of exciting business and industrial success stories, it's hard to beat early morning fishing on Lake Okeechobee. Whether it's landing a trophy fish or just the relaxing view of a variety of Florida's wildlife in their natural habitat waking up to a cool sunrise breeze, you'll fall in love with Okeechobee. In contrast, there's the excitement of a number of nationally sanctioned professional bass fishing tournaments.

Okeechobee is known as the "Speckled Perch Capital of the World" so it is only fitting that it holds the annual event in honor of this title. The Speckled Perch Festival, sponsored by the [Okeechobee Main Street](#), is our largest festival of the year and is held in March. Each year this downtown event attracts thousands of out of town visitors and locals alike. It's kicked off by a parade that wraps around Flagler Park. Hundreds of craft and food vendors are scattered about, the most popular being the Seminole booths with their colorful jackets and crafts for sale as well as their delicious pumpkin bread. There's also the Okeechobee Cattlemen's Rodeo and the Okeechobee County Fair going on at the Agri-Center.

There is a vibrant business district, but as our Okeechobee Main Street logo states they have 'old values and new visions'. On the 4th Saturday in July we have the Day of the Cowboy event, which includes a cattle drive through our town. Yes, we do things like that in Okeechobee!

Our location makes Okeechobee the Gateway to South Florida with convenient access to both coasts and all of Central Florida. Commercial and industrial concerns have found that Okeechobee is the place you want to be and they have taken an aggressive attitude toward seeking new businesses in their two local Industrial Parks.

Okeechobee, Florida presents a compelling opportunity for investors and developers seeking growth in an authentic, outdoor-centric Florida community. Anchored by the vast and iconic Lake Okeechobee—the largest freshwater lake in the state—the region is widely recognized for its world-class fishing, boating, and eco-tourism appeal. The 109-mile Lake Okeechobee Scenic Trail attracts cyclists, hikers, and birdwatchers from across the state, reinforcing the area's recreational value. Beyond its natural assets, Okeechobee boasts a strong agricultural heritage and a vibrant local culture, highlighted by annual events such as the Okeechobee Cattlemen's Rodeo and the nationally recognized Okeechobee Music & Arts Festival. The city's infrastructure supports both tourism and residential growth, with a stable economy rooted in farming, cattle ranching, and logistics. Its small-town charm, coupled with a strategic inland location, positions Okeechobee as a desirable market for residential, hospitality, and mixed-use development. Investors benefit from a lower barrier to entry compared to coastal markets, with room for long-term appreciation as South Florida's inland communities continue to grow in appeal and accessibility.

**BASS PRO
LOOKS TO BUILD
RESORT ALONG
FLORIDA'S
LARGEST
FRESHWATER
LAKE
IN CLOSE
PROXIMITY TO
THE SUBJECT
PROPERTY**

Bass Pro Shops wants to build a fishing resort on the shores of Florida's largest freshwater lake.

The Springfield-based company, which already operates multiple lodging properties, was one of two entities that submitted a proposal to Okeechobee County earlier this year to redevelop a 99-acre site along Lake Okeechobee.

The Okeechobee County Board of County Commissioners unanimously voted to pursue negotiations with Bass Pro, choosing its vision for the site over the second proposal from Florida-based hotel branding company Guy Harvey Outpost.

Lake Okeechobee is a 730-square-mile body of water in south-central Florida, about 50 miles inland from the Palm Beach area. The site where Bass Pro is exploring building the resort is at 10430 W. Highway 78 in Okeechobee, along the northern edge of the lake.

The site was previously home to the Okee-Tantie Campground and Marina. Use of the county facility declined after damage caused by hurricanes in 2004, leading to the decision in 2012 to close the RV campground and bait and tackle shop, according to documents prepared by the county.

"We have a proven track record in operating world-class outdoor resorts," Bass Pro said in its proposal.

Florida is a major market for Bass Pro. The company has 12 stores in the state, more than any other state.

"Our organization has long recognized the natural connection between the state of Florida and our core business," the company said in its proposal.

Income and Spending

Households in Okeechobee County earn a median yearly income of \$50,713. 30.24% of the households earn more than the national average each year. Household expenditures average \$52,259 per year. The majority of earnings get spent on Shelter, Transportation, Food and Beverages, Health Care, and Utilities.

RURAL

Dew Drop RV Park presents investors with a stabilized, income-generating asset located just 11 minutes from downtown Okeechobee. Strategically positioned adjacent to Lake Okeechobee RV Park, the property benefits from regional synergy and sustained tenant demand. The park comprises 63 total pads, with 57 currently occupied on lot-rent-only terms, offering immediate cash flow with operational upside.

Encompassing over 3.9 acres, the property features dual access points, paved interior roads, sub-metered public water, and septic infrastructure. Originally developed in 1988, the park has been well maintained and offers a low-intensity management profile. Dew Drop RV Park represents an attractive opportunity to acquire a quality RV park with in-place income, infrastructure durability, and upside through rent optimization and full occupancy.

66 PADS

LOT SIZE
6.26 ACRES

ZONING RR
RESIDENTIAL
RURAL

Okeechobee Lake RV Park is strategically located just 6 miles—or approximately a 10-minute drive—from downtown Okeechobee, offering a significant competitive advantage over most parks in the area due to its accessibility and proximity to local amenities. The park features 70 total pads, with 66 currently occupied by lot renters, providing consistent income. On-site amenities include a clubhouse, a freestanding bathroom and shower facility, and a utility room, enhancing convenience and livability for residents. Additionally, the property includes a 6,743-square-foot commercial building fronting Highway 78 W. Originally built in 1960 as a restaurant, this structure is currently vacant and represents a strong value-add opportunity for commercial or mixed-use redevelopment.

Palm Drive Trailer Park offers a compelling investment opportunity located just 4 miles—approximately a 10-minute drive—from downtown Okeechobee, providing residents with convenient access to local services, retail, and employment centers. This proximity to the city center gives the park a strong **competitive advantage** within the market.

The park features **24 pad sites** situated along 36th Avenue, a **publicly maintained city street**, ensuring reliable infrastructure and municipal service access. In addition, the property is **canal-front**, providing direct water access to **Lake Okeechobee**, one of Florida's premier recreational and fishing destinations. This waterfront setting enhances the lifestyle appeal of the community and adds intrinsic value to the site.

COMPARABLE SALES

COMMENTS DIRECT SALES COMPARISON

A comparable sale is property that is similar to the subject property in most respects. It is located in a nearby location. It has recently sold for a fair market value. The selection of comparable sales is in most appraisals is the single most determining factor in establishing the value. The responsibility is to fully research the local real estate market and determine which comparable sales represent the best value characteristics of the subject property.

The market or direct sales comparison approach to an estimate of value is a process of comparing market data, that is, prices paid for similar properties, prices asked by owners, and offers made by prospective buyers or the tenants willing to buy or lease. Typically a comparison grid is used and adjustments are made to each comparable sales used for major differences between the comparable and the subject property for such items as location, construction quality and significant amenities, etc. In the market approach, the attempts are made to both gauge and reflect the anticipated reaction by a typical purchaser to the subject property.

Sale Grid Definition

ADOM:	Agent Days on Market: This number describes how long a property for sale has been on the market. This gets broken down even further with CDOM and ADOM. CDOM, or Current Days on Market, is the time between when the home is listed and the present day. ADOM, or Accumulated Days on Market, also accounts for whether a listing was withdrawn or expired before being placed back on the market. (A CDOM may be 4 days while the ADOM is 154.) If a property is taken off the market for 60 days before it's relisted, then ADOM goes back down to zero.
Adj. SqFt	Adjusted Square Feet = Square Feet of Living Area + $\frac{1}{3}$ of the SF for all covered patios/porches + $\frac{1}{2}$ of the garage SF. This is the standard number use when calculating "Sale Price/Square Foot".
SqFt Living:	Total finished living area (with AC) Not to include open porches, balconies, terraces carports or garages.
Total Sq Ft:	The sum total of all measured areas including living area, covered porches, covered patios, carports & garages.
P G I:	Potential Gross Income The income generated by the subject property assuming 100% occupancy
G R M:	Gross Rent Multiplier; The list price/sale price divided by the potential gross income. This metrics does not take into account debt service, vacancy or expense.
Cap Rate:	Cap rate is one of the best ways to quickly assess a real estate investment deal. Cap rate is a measure that makes it possible to compare properties even though they produce different levels of operating earnings. It serves the same purpose as an earnings multiplier does for stock investors. The ratio of price/earnings, often called a PE ratio, allows investors to compare one company to the next. A cap rate is simply the inverse of the PE ratio. It is the the first-year operating earnings divided by the price or value.
