

## An aerial photograph of an industrial park. A large, long, white industrial building with multiple loading docks is the central feature. In front of it, a yellow rectangular outline highlights a specific area containing a smaller white building with a gabled roof, a large paved lot filled with numerous cars and trucks, and stacks of materials. To the left of the highlighted area is another large white building and a smaller shed. To the right is a modern, multi-story office building with large windows. The foreground shows a road with a semi-truck and some greenery. The background is filled with more industrial buildings and a dense line of trees.
