## Statement of Special Inspections

DevelopmentATX.com | Phone: 311 (or 512-974-2000 outside Austin)  
For submittal and fee information, see [austintexas.gov/digitaldevelopment](http://austintexas.gov/digitaldevelopment)

This form is provided as a way to list aspects of the project that require special inspection and testing in accordance with International Building Code (IBC) Sections 107.1, 1704, and 1705 and define duties and responsibilities of parties involved in the project.

**Instructions:** The Registered Design Professional in Responsible Charge must complete this form, sign and date the form and submit for review and approval by the Commercial Plan Review Division prior to the issuance of the Building Permit. The form shall be signed and dated by both the architect and structural engineer of record.

**Duties and Responsibilities:** The Owner and Contractor acknowledge assignment of the following duties, responsibilities, and conditions applicable to special inspection or testing:

**Owner/Owner's Agent**

- Responsible for contracting with and paying the special inspection agency. To prevent a conflict of interest in the inspection process, the special inspection agency cannot be employed by or paid by the contractor unless the contractor is the property owner.
- IAS "Table 1 - Minimum Qualifications for Special Inspectors" is provided on pages 8-9 of this form as a guideline for selecting special inspectors.

**Contractor**

- Responsible for knowing which special inspections are required for the project and ensures that construction complies with the approved permit documents.
- Ensures proper notification to the special inspection or testing agency for the items listed herein.

**Special Inspection/Testing Agency**

- Complete the City of Austin (COA) *Special Inspections Log* upon each site visit.
- Bring nonconforming items to the immediate attention of the contractor and note all such items in the COA *Special Inspections Log*. If any item is not resolved in a timely manner or is about to be incorporated in the work, the special inspector shall immediately notify the building inspector by phone or in person, notify the registered design professional in responsible charge, and post a *Special Inspection Discrepancy Notice*. Blank discrepancy notice forms can be found in the yellow special inspections log folder kept on site.
- Initial next to each required special inspection on the following "Summary of Special Inspections" table as each item is completed.
- Submit a signed *Special Inspection Final Report* to the building inspector stating that all items requiring special inspection and testing were fulfilled. Blank final report forms can be found in the yellow special inspections log folder kept on site.
- Submit a final letter, sealed by a Texas Registered Engineer, at the conclusion of the work for each testing agency stating that all special inspections, for which that testing agency is responsible, have been completed. All final letters must be submitted and approved by COA before the Certificate(s) of Occupancy for the project will be issued.

**Special Inspections Not Required for This Project** (check box, if applicable, to waive form)

Plan review staff may ask for a Special Inspections form to be completed if deemed necessary during review.

## Information About Brokerage Services

*Texas law requires all real estate license holders to give the following information about brokerage services to prospective buyers, tenants, sellers and landlords.*

### TYPES OF REAL ESTATE LICENSE HOLDERS:

- A **BROKER** is responsible for all brokerage activities, including acts performed by sales agents sponsored by the broker.
- A **SALES AGENT** must be sponsored by a broker and works with clients on behalf of the broker.

### A BROKER'S MINIMUM DUTIES REQUIRED BY LAW (A client is the person or party that the broker represents):

- Put the interests of the client above all others, including the broker's own interests;
- Inform the client of any material information about the property or transaction received by the broker;
- Answer the client's questions and present any offer to or counter-offer from the client; and
- Treat all parties to a real estate transaction honestly and fairly.

### A LICENSE HOLDER CAN REPRESENT A PARTY IN A REAL ESTATE TRANSACTION:

**AS AGENT FOR OWNER (SELLER/LANDLORD):** The broker becomes the property owner's agent through an agreement with the owner, usually in a written listing to sell or property management agreement. An owner's agent must perform the broker's minimum duties above and must inform the owner of any material information about the property or transaction known by the agent, including information disclosed to the agent or subagent by the buyer or buyer's agent.

**AS AGENT FOR BUYER/TENANT:** The broker becomes the buyer/tenant's agent by agreeing to represent the buyer, usually through a written representation agreement. A buyer's agent must perform the broker's minimum duties above and must inform the buyer of any material information about the property or transaction known by the agent, including information disclosed to the agent by the seller or seller's agent.

**AS AGENT FOR BOTH - INTERMEDIARY:** To act as an intermediary between the parties the broker must first obtain the written agreement of each party to the transaction. The written agreement must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. A broker who acts as an intermediary:

- Must treat all parties to the transaction impartially and fairly;
- May, with the parties' written consent, appoint a different license holder associated with the broker to each party (owner and buyer) to communicate with, provide opinions and advice to, and carry out the instructions of each party to the transaction.
- Must not, unless specifically authorized in writing to do so by the party, disclose:
  - that the owner will accept a price less than the written asking price;
  - that the buyer/tenant will pay a price greater than the price submitted in a written offer; and
  - any confidential information or any other information that a party specifically instructs the broker in writing not to disclose, unless required to do so by law.

**AS SUBAGENT:** A license holder acts as a subagent when aiding a buyer in a transaction without an agreement to represent the buyer. A subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first.

### TO AVOID DISPUTES, ALL AGREEMENTS BETWEEN YOU AND A BROKER SHOULD BE IN WRITING AND CLEARLY ESTABLISH:

- The broker's duties and responsibilities to you, and your obligations under the representation agreement.
- Who will pay the broker for services provided to you, when payment will be made and how the payment will be calculated.

**LICENSE HOLDER CONTACT INFORMATION:** This notice is being provided for information purposes. It does not create an obligation for you to use the broker's services. Please acknowledge receipt of this notice below and retain a copy for your records.
