ARTICLE X. I-1 AND I-2 INDUSTRIAL DISTRICTS

Sec. 102-130. Intent.

- (a) The I-1, industrial district is intended to primarily accommodate wholesale activities, warehouses, and industrial operations whose external, physical effects are restricted to the area of the district and in no manner affect in a detrimental way any of the surrounding districts. The I-1 district is so structured as to permit, along with any specified uses, the manufacturing, compounding, processing, packaging, assembly, or treatment of finished or semi-finished products from previously prepared material. Since available industrial land in the city is limited, this district is also intended to accommodate uses that are office- or research-type, along with "business center" buildings that combine office and flexible industrial space. It is further intended that the processing of raw material for shipment of bulk form, to be used in an industrial operation at another location, not be permitted.
- (b) The I-2, general industrial district is designed primarily for manufacturing, assembling, and fabrication activities including large-scale or specialized industrial operations, whose external physical effects will be felt to some degree by surrounding districts. The I-2 district is so structured as to permit the manufacturing, processing, and compounding of semi-finished or finished products from raw materials as well as from previously prepared material

Sec. 102-131. Permitted uses.

In the I-1 and I-2 districts, land, buildings, and other structures shall be used only for one or more of the uses specified in the table below. Uses denoted by a "P" are permitted by right, whereas uses denoted by "C" have site development standards for specific uses and uses denoted by a "S" are considered special land uses and may be approved by the planning commission subject to the applicable general and specific standards in article XI, site development standards for specific uses and article XIII, special land uses.

Permitted Uses in the Industrial District			
	I-1	I-2	Section Reference
Care Facilities			
Adult and child residential care facilities in accordance with section 102-10 adult and childcare facilities.	S	S	Sec. 102-171

Laboratories—Experimental, film, or testing	P	P	
Lumber and planing mills	S	S	Sec. 102-171
Metal plating, buffing, and polishing	P	P	
Painting and varnishing shops	S	S	Sec. 102-171
Retail sales of goods assembled, manufactured, compounded, processed, packaged, or treated from previously prepared materials, or repaired or stored, on the premises, provided the building floor area devoted to retail sales comprises no more than 25 percent of principal building floor area and the outdoor sales area comprises no more than 25 percent of the minimum required lot area	P	P	
Salvage yards	S	S	Sec. 102-171
Stamping plants	P	P	
Tool, die, gauge and machine shops	P	P	
Truck terminals, truck stops, and truck service facilities	—	—	
Warehousing and wholesale establishments, material distribution facilities	P	P	
Water filtration and wastewater treatment plants, reservoirs, and sewage treatment facilities	S	S	Sec. 102-171
Accessory			
Accessory buildings, structures and uses, customarily incidental to any of the above principal uses	P	P	
Accessory buildings, structures and uses customarily incidental to any of the above special land uses	S	S	Sec. 102-171

Sec. 102-132. Area, height, bulk, and placement regulations.

All uses within the industrial districts shall adhere to the following area, height, bulk, and placement regulations:

	I-1	I-2
Lot Size		
Minimum area (square feet)	—	—
Minimum width (lot frontage in feet)	—	—
Setbacks (in feet)¹		
Front yard (minimum) ²	40	60
Side yard (minimum)		
Least one	20	30
Total two	40	60
Rear yard (minimum)	20	0
Building height		
Stories (maximum)	—	—

Feet (maximum)	35	50
Maximum percent of lot area covered by buildings	75	75

Footnotes to section 102-132 schedule limiting height, bulk, and placement regulations:

¹Setbacks for institutional uses (such as a place of worship, nonprofit organization, academic institution, library or hospital) in residential districts shall be as follows:

Front	35 feet
Sides	30 feet
Rear	30 feet
Parking	20 feet

- a. A 35-foot wide greenbelt shall be provided along major thoroughfares or arterial roadways in all residential districts for residential developments. Building setbacks are measured from the interior line of the greenbelt. See article XXI, landscape standards and tree replacement.
- b. Refer to article XXI, landscape standards and tree replacement, for required setback and buffering based on adjacent zoning districts.
- c. All yard areas shall be lawn, ground cover or living landscape plant materials, except for access drives, sidewalks, bike paths, architectural features, permitted accessory buildings and essential service facilities.
- d. Refer to section 102-40, projections into yards.
- e. Refer to subsection 102-255(d), off-street parking space design and setback requirements, of article XIX, off-street parking and loading-unloading standards, for parking setbacks.

²Front yard requirements in accordance with section 102-21, front yard requirements. Front yard setback reductions are permitted as follows:

- a. Where the front yards for existing main buildings in the vicinity of, and in the same zoning districts as a subject lot are less than the required front yard for the zoning district of the subject lot, the required front yard for the subject lot shall be no less than 90 percent and no more than 135 percent of the average established front setback of existing main buildings on the same side of the street and entirely or partially within 300 feet of the side lot lines of the subject lot, subject to subsections b and c, below.
- b. The front yard setback reduction shall only be permitted if there are two or more lots occupied by main buildings within the area described in subsection a, above, for computing the average front yard.
- c. In no case shall the required front yard resulting from the application of subsection a and b, above, be less than 15 feet.

Sec. 102-133. Site development requirements.

All principal uses and special land uses are subject to the following site development requirements:

- (1) Article II: General provisions.
- (2) Article XV: Site plan review.
- (3) Article XIX: Off-street parking and loading standards.
- (4) Article XX: Access management and driveway standards.

-
- (5) Article XXI: Landscape standards and tree replacement.
 - (6) Article XXII: Lighting standards.
 - (7) Chapter 70: Signs.

Secs. 102-134—102-139. Reserved.
