

Future Land Use:

The Future Land Use Map is composed of land use designations grouped in a way that allows for sustainable developmental growth patterns. It is this aggregation of land uses that effectively manages growth and development in the County by identifying and designating areas of current development and anticipated future developments.

Comprehensive Plan:

The purpose of the Comprehensive Plan is to effectively manage growth and development by designating areas of anticipated future development which satisfy demand where feasible, in a cost-efficient and environmentally acceptable manner.

Land Use Notes

Data Source

Future Land Use data is provided by the St. Johns County GIS Division and is derived from land parcels identified and approved by the St. Johns County Planning and Zoning Division.

Conservation

Areas designated Conservation are approximate in nature and the exact boundaries shall be determined by environmental survey and established pursuant to applicable regulatory requirements.
