UNIVERSITY COMMUNITY PLAN UPDATE

PLAN APPROVAL - 7/30/2024

From the labs of the biotech and high-tech centers to the lecture halls of higher learning, there is one word to describe the University community—opportunity. The community is a hub of enterprise where people can learn, grow, create, invent, and thrive.

The University area (also referred to as “University City”) is a diverse and dynamic community with renowned higher education, scientific research and technology institutions, businesses, and a flourishing residential community. This area is one of the region’s premiere employment centers and attracts institutions that conduct world-class, leading research in a variety of industries including biotech, high-tech, and health care.

Located about 13 miles north of downtown San Diego, the University community developed as the region’s “edge city” with a concentration of business, shopping, and entertainment venues. At the center of the community is a thriving, mixed-use core. This area includes large employers and visitor destinations, such as the University Towne Center (UTC) shopping center. Today, the Blue Line trolley provides a one seat ride from UTC to the US-Mexican border through downtown San Diego; connecting residents throughout the city.

To the north of the core, employment centers along Campus Point Drive and Towne Centre Drive have developed as a high-tech and biotech cluster with community and employee serving amenities. Surrounding this employment area is a unique and thriving canyon ecosystem, which offers natural views juxtaposed with state-of-the-art research and development facilities. Here you will find spaces like GradLabs, which fosters life science business incubation and innovation through on-site shared lab facilities. This area is also home to two major medical centers.

Nobel Drive is an emerging transit village that provides a mix of homes, jobs, and retail options within proximity to the University of California, San Diego (UC San Diego), a regional employer and destination. This area is connected to the San Diego Metropolitan Transit System (MTS) SuperLoop and the Trolley, which are among the region’s most heavily utilized transit assets. UC San Diego students, staff, and faculty enjoy gathering off-campus at Nobel Drive along with the broader community.

The UC Community Plan was approved on July 30, 2024, by the City Council. The adopted Community Plan and associated rezones will be effective on December 1, 2024.
