Investments and Recent Developments in Marysville, Ohio

- Amazon Web Services is investing \$1 billion in data centers in Marysville. This investment is expected to create thousands of jobs as well as grow the local technology ecosystem and related industries.
- Marysville has a strong job market including major employers Honda of America Manufacturing, Scott's Miracle-Gro Company and Memorial Health, in addition to retail employers Walmart, Krogers, Nestlé and Home Depot.
- Honda has invested heavily in Union County, where Marysville is located, with a primary focus on their EV Hub and facilities like the Marysville Auto Plant, East Liberty Auto Plant, and Anna Engine Plant. Honda's investments in these 3 Ohio plants total over \$1 billion, aimed at enabling flexible production lines that can manufacture gasoline, hybrid, and electric vehicles. In a separate joint venture with LG Energy Solution, Honda is establishing a \$4.4 billion battery plant in Fayette County, Ohio, located between Columbus the state capital and Cincinnati, further improving the region's position in the electric vehicle market.
- Grand Communities, a subsidiary of the Kentucky-based Fischer Homes, is building a development named "Skybrook" on 120 acres in Marysville.
- The Silo's at the Water & Light District is a \$110 million project that will redevelop the old water and light plant into mixed use development with over 220 multifamily units, 26,000 square feet of food, beverage and event space, and 15,000 square feet of co-working space.
- The Marysville East Section 3 development plan is also underway with improvements to East 5th Street are planned, including pavement resurfacing, curb replacements, and storm sewer upgrades.
