D. General Commercial District (C-4). The general commercial district (C-4) is intended to provide for those types of land uses that attract large segments of the population at the same time by virtue of scale, coupled with the type of activity. The purpose and intent of the C-4 district is to provide the opportunity for the most diverse types of commercial activities delivering goods and services, including entertainment and recreational attractions, at a larger scale than the C-1 through C-3 districts. As such, all of the uses permitted in the C-1 through C-3 districts are also permitted in the C-4 district. The outside storage of merchandise and equipment is prohibited, except to the extent that it is associated with the commercial activity conducted on-site such as, but not limited to, automobile sales, marine vessels, and the renting and leasing of equipment. Activity centers are suitable locations for the uses permitted by the C-4 district because most activity centers are located at the intersection of **arterial** roads. Therefore the uses in the C-4 district can most be sustained by the transportation network of major roads. The C-4 district is permitted in accordance with the **locational criteria** for uses and the goals, objectives, and policies as identified in the future land use element of the Collier County GMP. The maximum **density** permissible or permitted in a district shall not exceed the **density** permissible under the density rating system.
