A VIBRANT HUB FOR ALL

Imagine a network of activated streets and walkways, infused with the irresistible energy of world-class shopping and a diverse array of dining options. Sustainable practices will be woven throughout, creating a rare and significant achievement in quality place making. Expansive open spaces will provide a sanctuary for nature lovers, while stunning mountain views grace the backdrop.

CENTER OF IT ALL

Long-term Master Plan

The Point is a visionary 600-acre master-planned community designed to become a thriving hub of residential, commercial, retail, entertainment, and innovation.

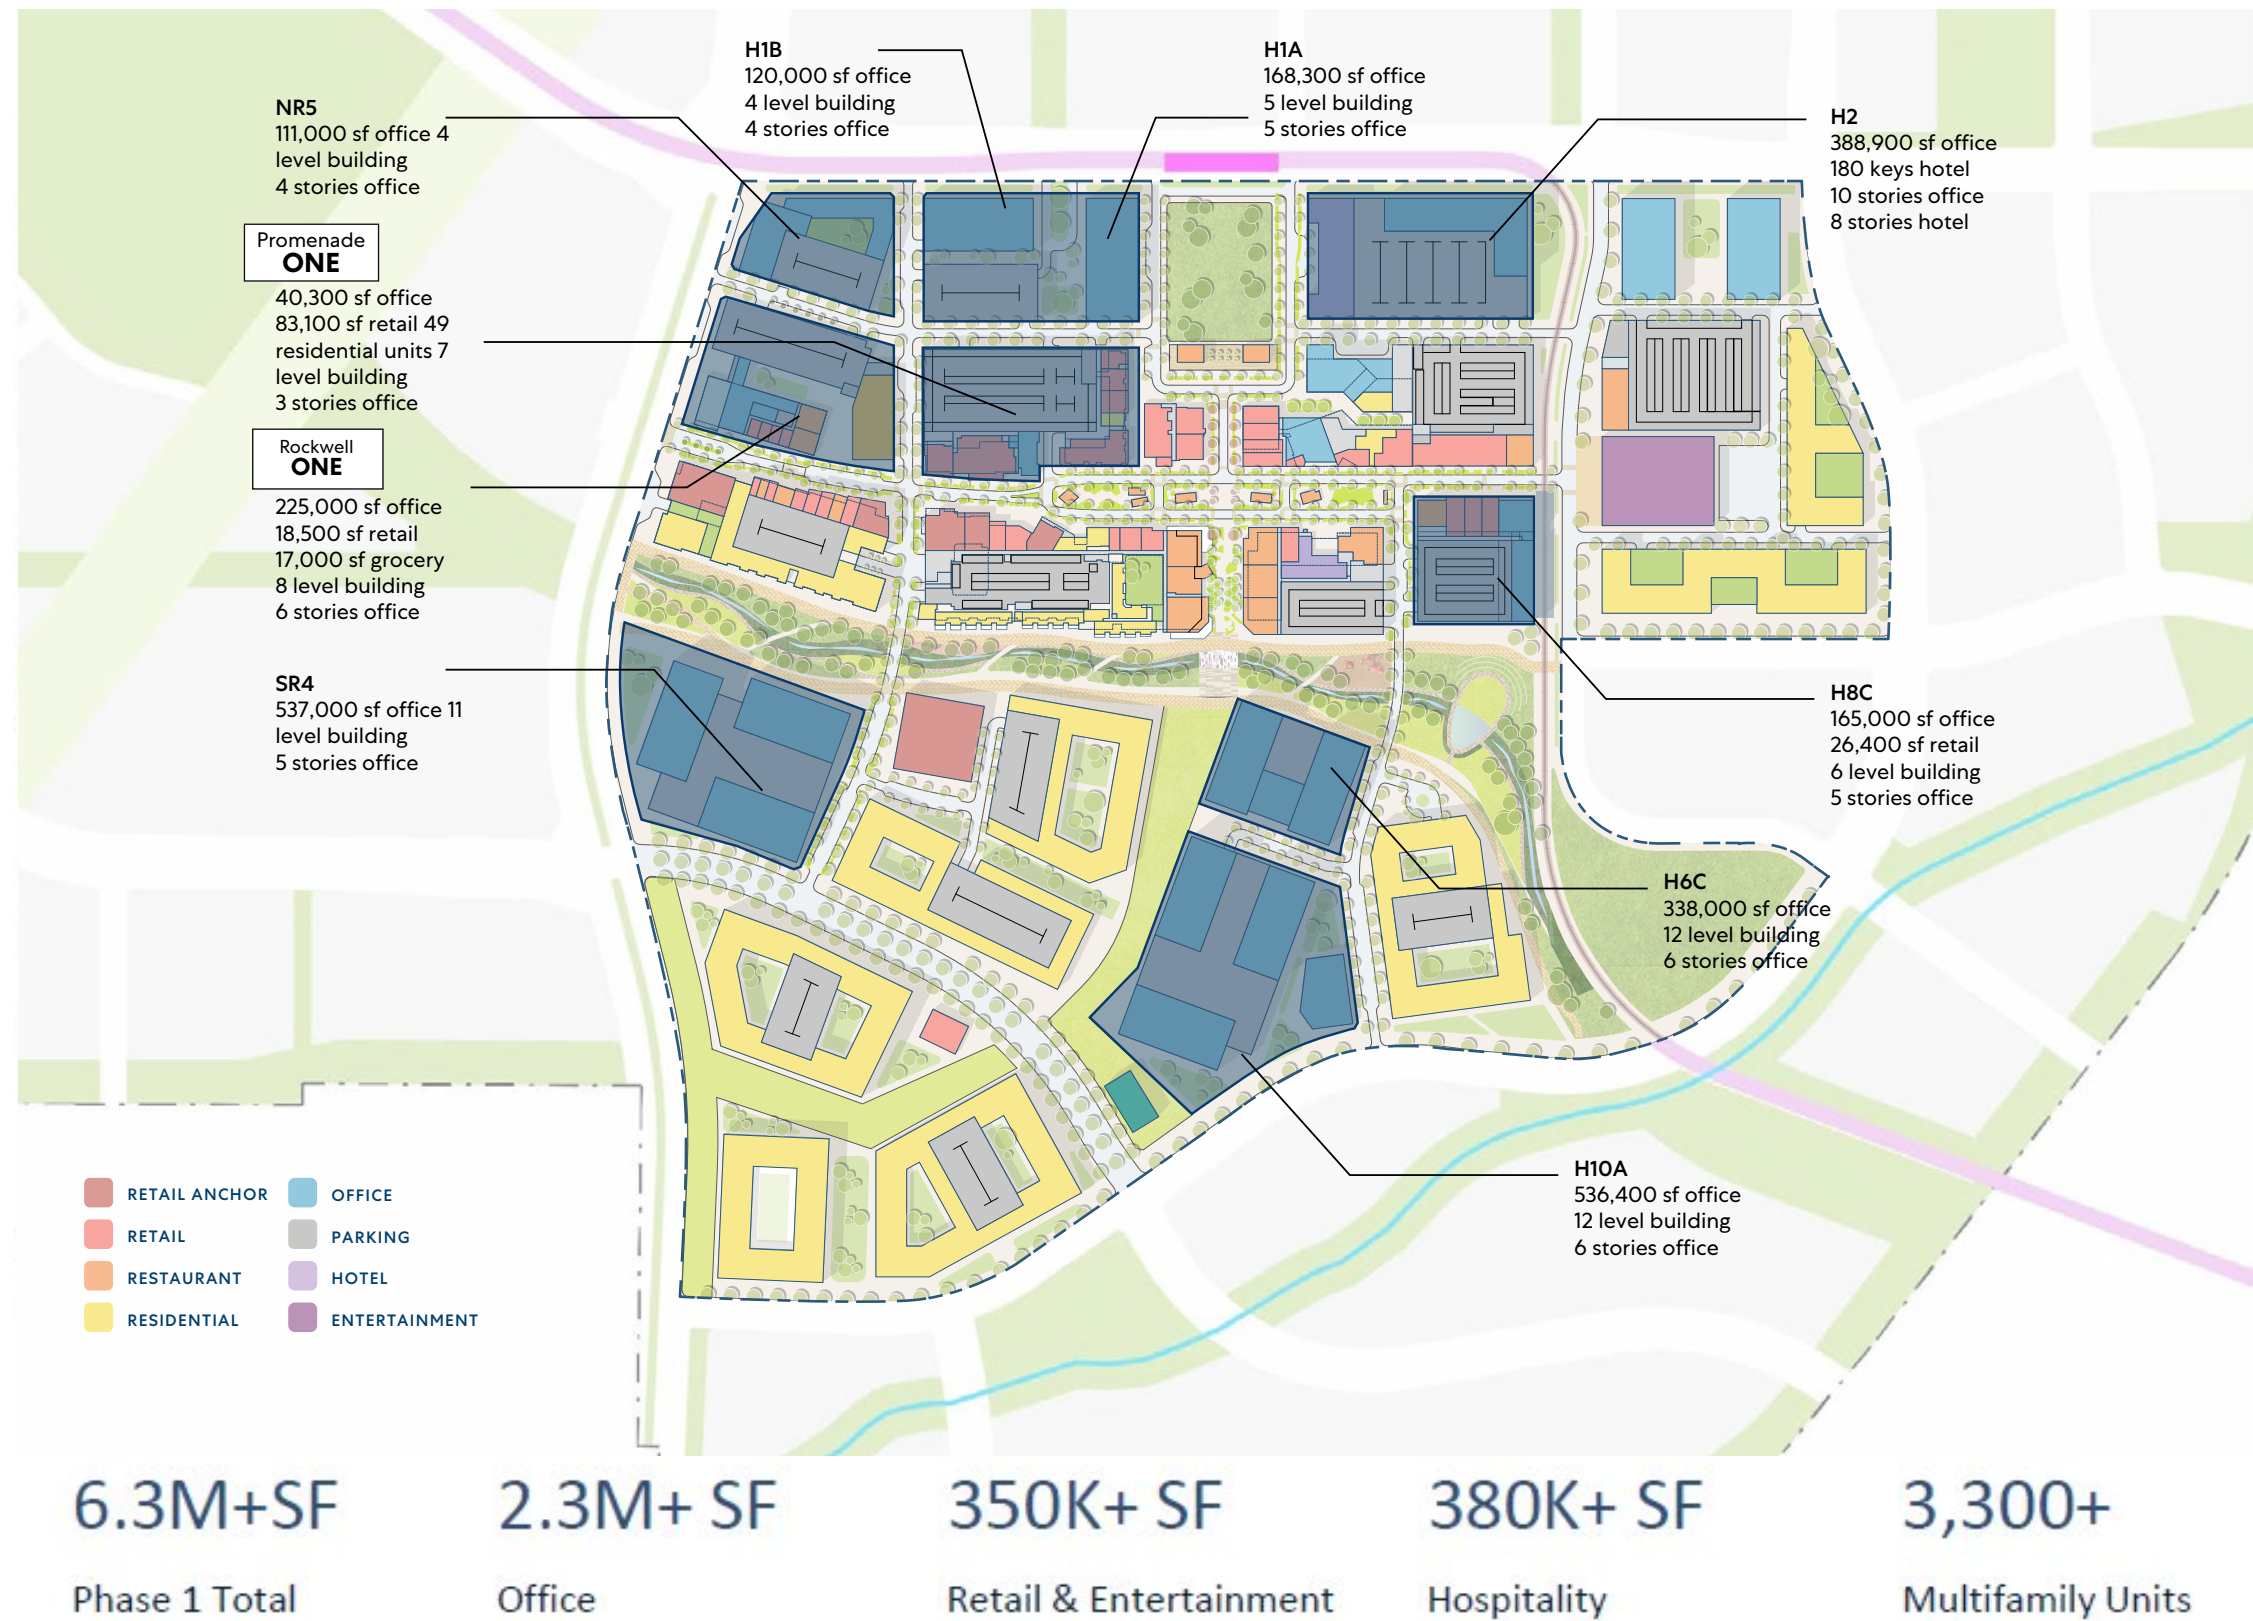

TTP's initial 100-acre phase will serve as the catalyst and core of this expansive master plan, set to unfold over the coming decades. Future development will bring thousands of additional residents and millions of square feet of commercial, retail, entertainment, educational, medical, and other uses to the site.

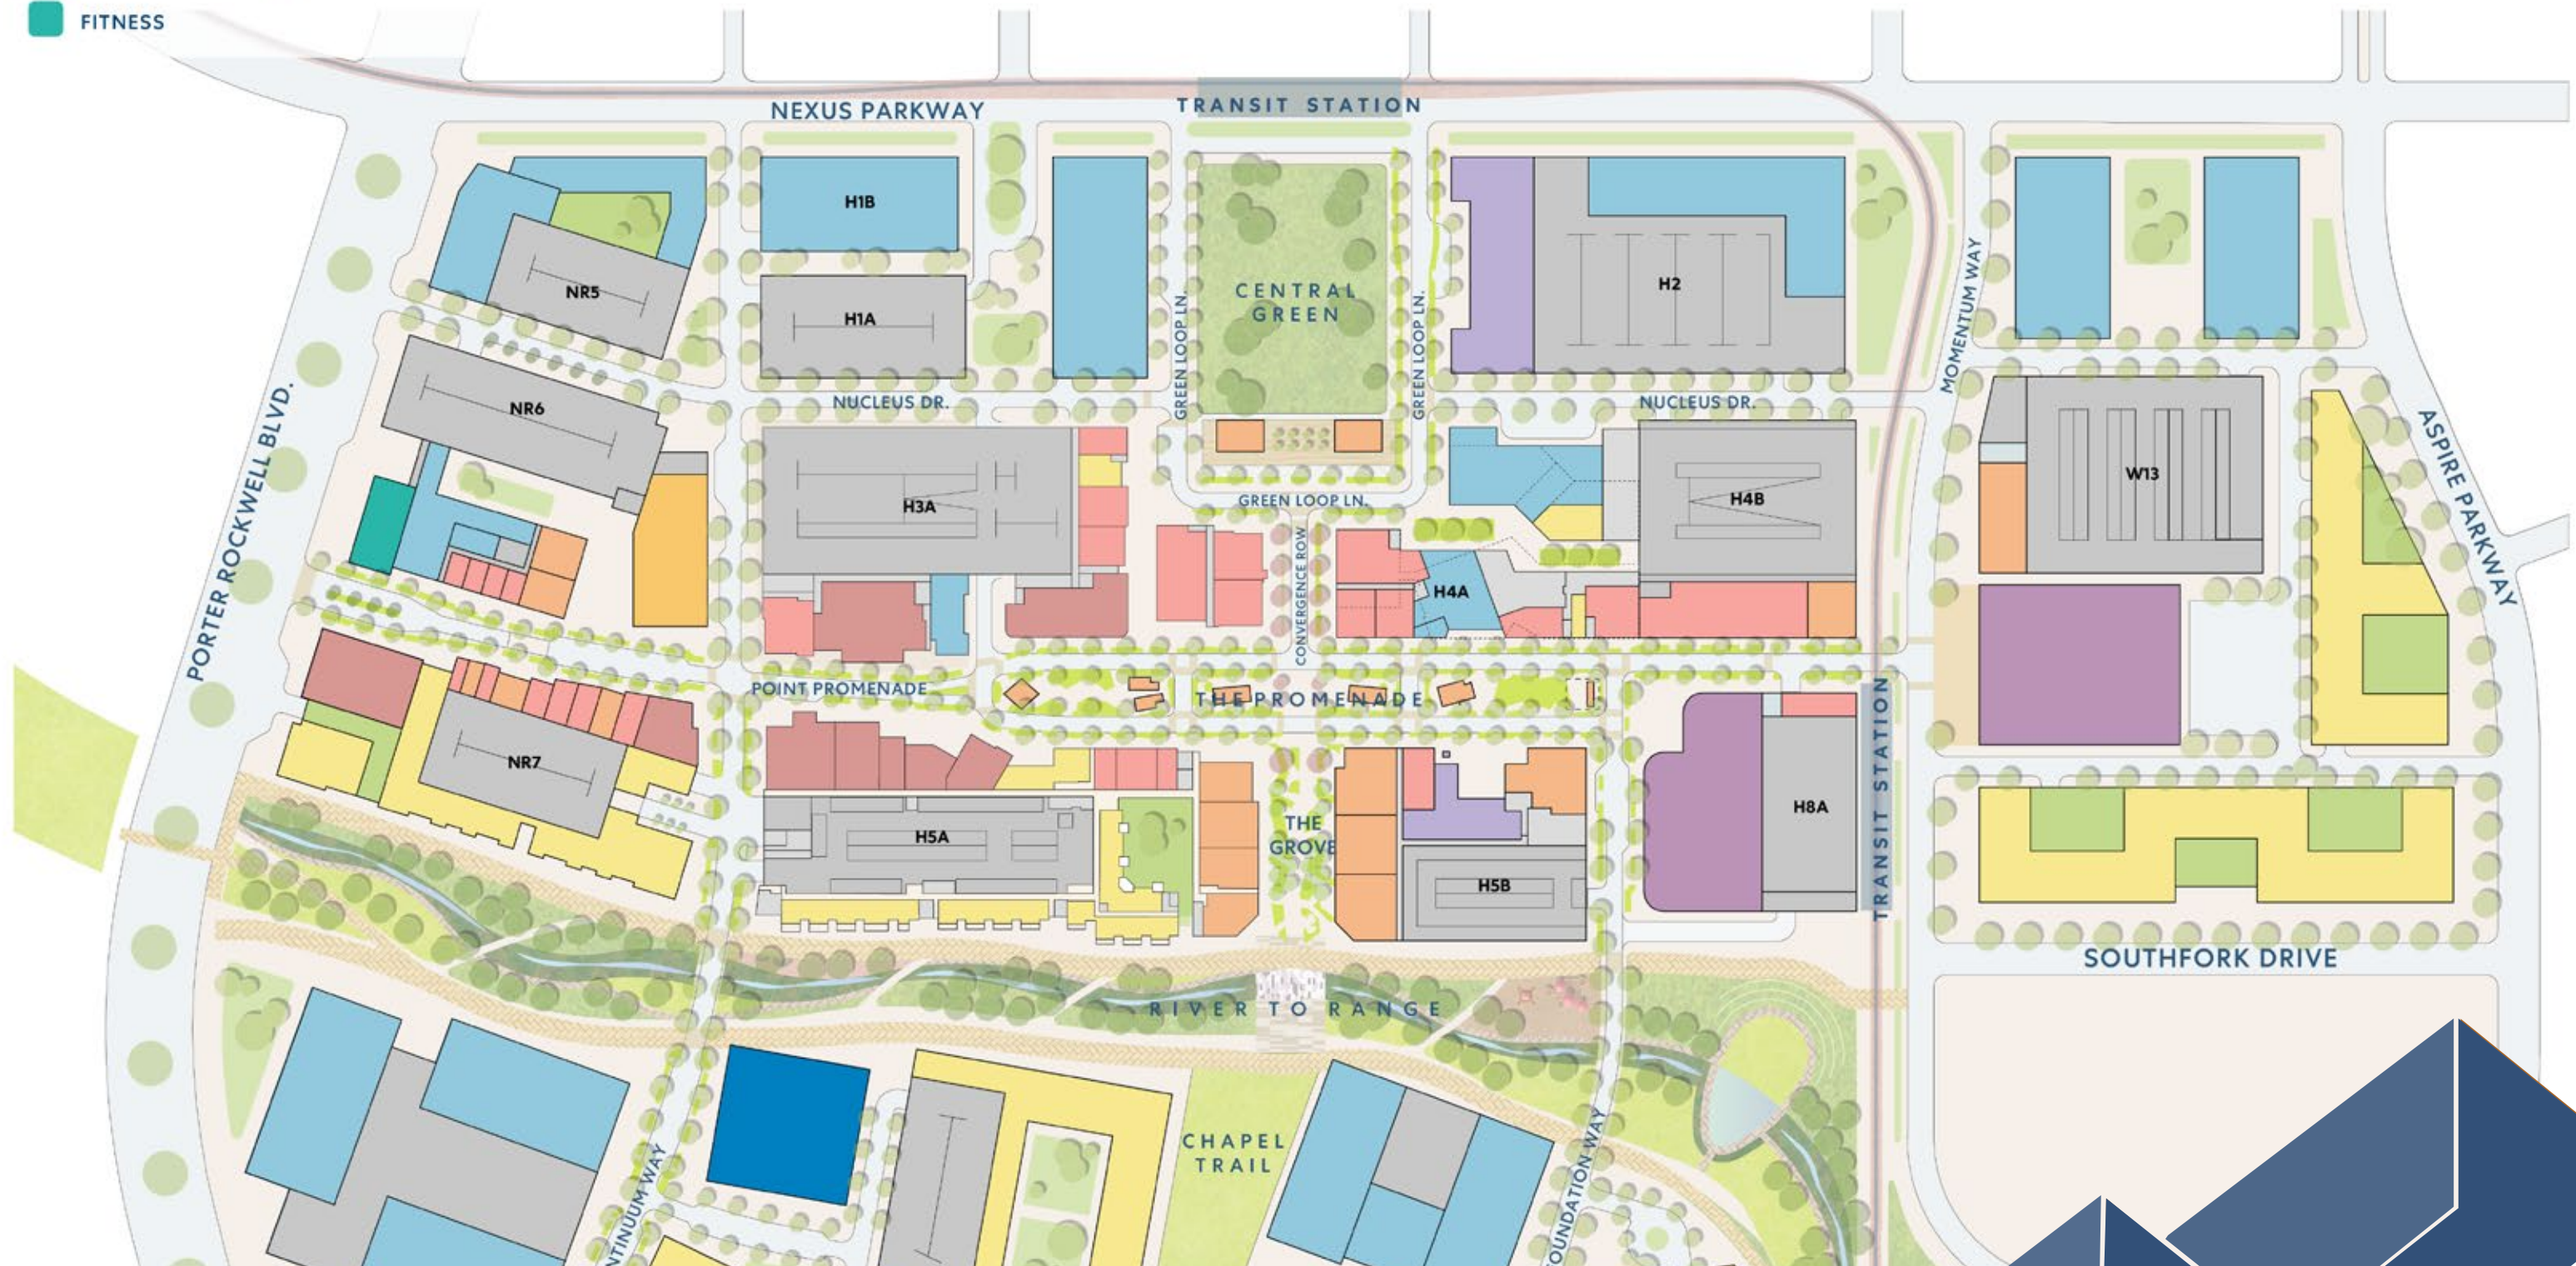

Phase 1 Master Plan

Phase 1 is thoughtfully designed as a dynamic mix of uses that will establish a foundation of long-term employment, premier residential options, best-in-class retail, and a vibrant entertainment hub.

Positioned as the centerpiece of the broader 600-acre master plan, Phase 1 will generate activity and set a high standard for the quality and vision that will shape and attract future development at The Point.

THE POINT IS THE CENTER OF SILICON SLOPES

Utah's Point of the Mountain also known as "Silicon Slopes" refers to the cluster of information technology, software development, hardware manufacturing and research firms that have emerged along the Wasatch Front. Utah is nationally recognized as a leading technology hub. In fact, the demand for workers among the growing list of tech companies is out-pacing the supply of the Utah workforce.

Tech companies have flocked to Utah for its lower taxes, more flexible regulatory environment, and a well-educated, unmatched multilingual workforce. There is a strong mixture of local homegrown startups (Domo, Ancestry, Qualtrics, Pluralsight, etc.), as well as major Fortune 500 companies (Adobe, Microsoft, Oracle, ebay, etc.)
