archetype with us.

The Archetype at 3131 Irving Boulevard has been transformed from a six-building, 112,741 square foot light industrial park into a modern urban industrial project filling a much-needed niche in the Brookhollow market. The Archetype has been redeveloped with a full rebrand, total project renovations, storefront upgrades, environmental graphics, enhanced landscaping, public art installations, and a real brand presence the market has been lacking.

Strategically located at the gateway between the East Brookhollow and Dallas Design District/North Trinity submarkets, this is the premier project of choice for logistics, showroom, medical, distillery, roastery, brewery, and ecommerce players. With immediate access to I-35E, the project enjoys market momentum from neighboring Community Beer Co.'s new brewery and taproom at Pegasus Park, a \$350M mixed-use development adjacent to the Dallas Design District.

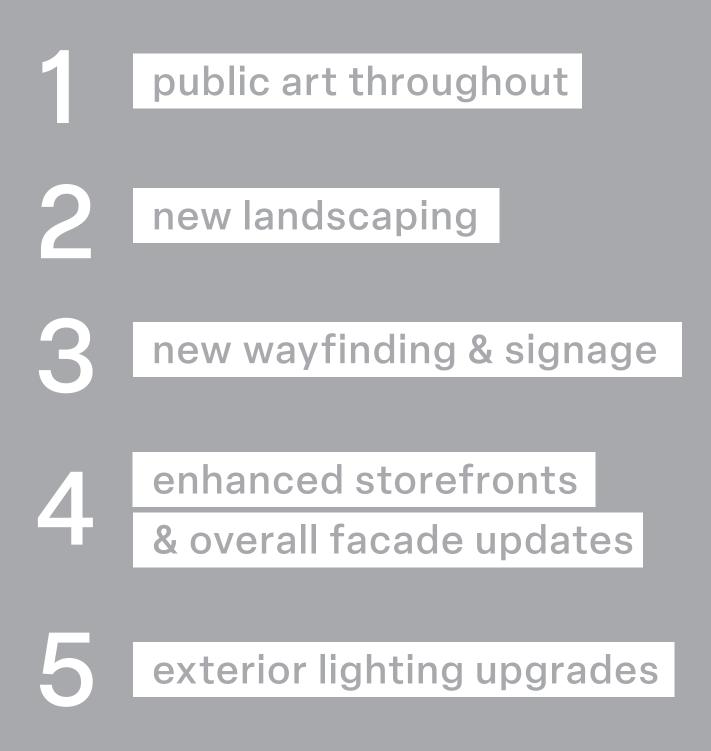

The building's enhanced design and unbeatable access coupled with coveted visibility at a prime intersection allows it to attract the most discerning mix of *archetypes* from 2,000 SF to 10,500 SF.

Welcome to The Archetype.

neighboring access routes

The Archetype is adjacent to Dallas' Design District and represents one of the most infill locations in the DFW industrial market. Located three miles from Uptown Dallas, four miles from Dallas Love Field, and five miles from Downtown Dallas, makes it an ideal last mile location that can easily access the city's most affluent and densely populated areas.

'n.

N The Dallas Design District is a vibrant live-work-play community comprised of luxury living, upscale galleries, showrooms, and Ξ some of the most popular restaurants in the city of Dallas. Up until the mid-2000s, the Dallas Design District was primarily an industrial hub with a large concentration of wholesale interior design showrooms. Today, the district is one of Dallas' trendiest areas with a strong history and a rapidly growing mixed-use atmosphere. As the Design District continues its growth to the north, Archetype will continue to benefit from its strategic position in the path of growth of this dynamic mixed-use district.

c pegasus park

The 23-acre Pegasus Park campus currently consists of more than 750,000 square feet of office and warehouse space across multiple buildings, including an 18-story office tower. Originally constructed for Zale Corp in 1970, it was bought by former Mobil Oil Corp in 1981. J. Small Investments purchased the campus in 2015 from Exxon Mobil. Today, J. Small Investments, in partnership with Lyda Hill Philanthropies, is repurposing the former oil industry campus, which has been near-vacant for over a decade, into a center for business, social impact, and biomedical innovation exemplifying the spirit that has made Dallas one of the nation's most dynamic cities.

ω .ω

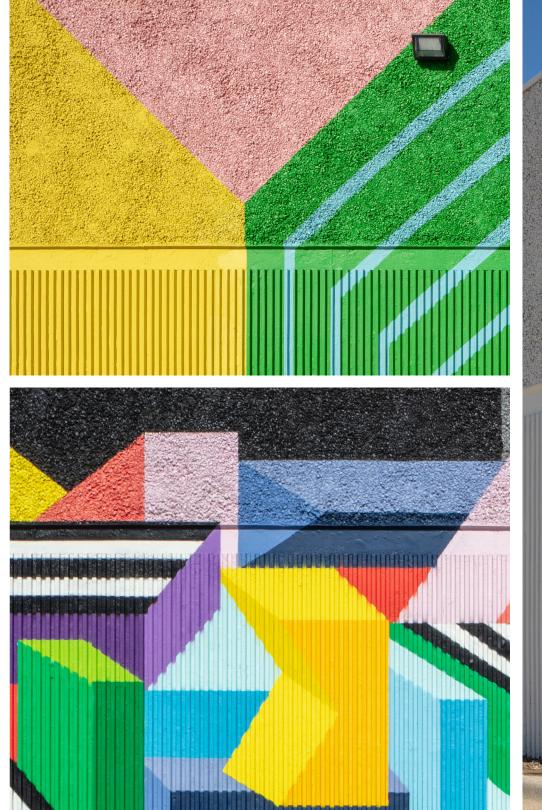

The Dallas Medical District encompasses a 390-acre medical area with over 6 million square feet of medical space. The Medical District houses over 35,000 employees who attend to more than 3 million patients each year. Over the last several years, the Medical District has continued to evolve through substantial capital investment including the \$1.7 billion state of the art Parkland Memorial Hospital that opened in 2Q 2015 and a \$500 million expansion to UT Southwestern Medical Center which broke ground in 2017 and is expected to open next year.
