THE PARC VET: PEOPLE. ANIMALS. REVOLUTIONARY CARE.

The PARC represents a modern, forward-thinking vision for veterinary care—one built around the belief that pets are family, and that caring for them means caring for their people, too. Their philosophy underscores the “space between” — the bond between pets and their owners—and demonstrates that compassionate, transparent, and cutting-edge animal care can also deliver a deeply human experience.

The PARC Veterinary Collection comprises two complementary, purpose-built pet-care facilities positioned side-by-side in the heart of Fort Worth’s rapidly growing medical and residential corridor. The portfolio features The PARC Express, a modern, high-efficiency general care and wellness clinic designed for speed, accessibility, and exceptional client experience, alongside The PARC Grand Resort, Fort Worth’s premier luxury pet-boarding and grooming destination offering resort-style amenities, species-separated wings, and elevated, comfort-focused care. Together, these assets create a uniquely synergistic

veterinary and pet-care ecosystem—capturing both routine healthcare and lifestyle-driven services in one of the nation’s fastest-growing metropolitan areas. Available as standalone acquisitions or a combined portfolio, these properties present a compelling investment anchored by premium real estate, complementary pet-care uses, and enduring demand in a thriving Fort Worth submarket.

The PARC Veterinary Collection supports a full spectrum of services: general care, wellness/preventive medicine, boarding, grooming, and more. This breadth of services not only generates multiple revenue streams, but also builds deep loyalty and high utilization among pet owners—because The PARC is their one-stop shop for lifelong care.

Mission-Driven Culture with Differentiators

What sets The PARC apart is a deeply held commitment to empathy and transparency.

PEOPLE FIRST. They prioritize the needs of pet parents — offering reassurance, clear communication, and support through all pet-care journeys.

ANIMALS AT THE HEART. Every pet receives customized care tailored to their unique needs — with specialized facilities, sensitive handling (including outdoor exam options for pets who dislike traditional clinical settings), and a full suite of services.

REVOLUTIONARY CARE THROUGHOUT. From wellness check-ups to emergency care, The PARC aims to maximize “the life you share with your pet,” helping both pet and owner feel better, play more, and love longer.

Moreover, The PARC demonstrates a commitment to community — since 2011, it has partnered with Canine Companions for Independence to provide thousands of dollars in complimentary care to service dogs in training, underscoring that this is not just a business, but a socially responsible and values-driven institution.

Purpose-Built for Speed, Efficiency & Client Convenience

The PARC Express was uniquely designed as a fast-cycle wellness and routine-care clinic, tailored for pet owners who prioritize efficiency and predictability in their veterinary visits.

Consumer-Driven Model Based on Local Survey Data

Ownership surveyed local pet owners and found “speed” was the top priority — fast, seamless visits in 15 minutes or less. The clinic’s operational flow was further inspired by the quick, reliable service model of the Chick-fil-A directly across the street, shaping a highly efficient, customer-centric design.

20-Minute Appointment Standard

These combined insights shaped The PARC Express into a high-efficiency clinical model, offering appointments designed to start on time and finish in roughly 20 minutes, maximizing convenience and client satisfaction.

42,000 Vehicles Per Day

Located along Hulen Street, the property sits within one of Fort Worth’s most established and consistently traveled retail corridors, supported by dense surrounding neighborhoods and steady daily traffic.

Minimal Landlord Responsibilities

Featuring above average annual rent escalations of 2.75% and a lease structure that limits ownership obligations solely to the foundation, exterior walls, roof, and other structural components, the property offers a highly passive investment profile with consistent income growth.
