PROPERTY DESCRIPTION

Positioned directly across from the entrance to the new Weslaco Industrial Park, this 1.58-acre tract offers exceptional visibility and strategic access along FM 1015 (International Blvd.) — one of the area's primary north-south corridors connecting Interstate 2 to the expanding northern growth of Weslaco.

The property features approximately 218 feet of frontage and 325 feet of depth, providing a highly functional layout for a wide range of commercial or light industrial users. Surrounding activity continues to accelerate with established national retailers such as McDonald's and AutoZone immediately nearby and the Texas Department of Public Safety Headquarters located just south of the site — creating consistent daily traffic and long-term stability for business operations.

Currently situated outside the city limits, the tract offers flexibility for development, staging, service operations, or future expansion users seeking fewer municipal restrictions while still benefiting from proximity to major infrastructure and workforce population centers.

Two existing improvements are located on the property:

2,064 SF – 3 bedroom / 2 bath residence (requires renovation; highest and best use is redevelopment)

1,200 SF storage barn suitable for interim use during planning or construction

While the residence could be restored, the real value lies in the land — making this an ideal candidate for a contractor yard or service company headquarters, industrial support business, equipment sales or rental, logistics or distribution staging, flex commercial redevelopment.

With the rapid growth surrounding the Weslaco Industrial Park and continued expansion along International Blvd., this site represents a rare opportunity to secure frontage in a corridor transitioning from rural to employment-driven commercial use.

Strong location, flexible use, and positioned in the path of growth — a forward-thinking investment for an owner-user or developer.
