Growth &
Development
Opportunities

GROWTH & DEVELOPMENT OPPORTUNITIES

KEY OPPORTUNITIES

- **Opportunities for an Owner/Operator:** The existing in place staff and general manager structure allows all types of buyers to approach this deal with their own ideas. Hands-off investors can run a similar model, filling the current owner's responsibilities, or a full time true owner/operator could step in and reduce payroll expenses considerably to drive revenue, improving NOI.
- **Contactless Check-In:** could allow for reduced staffing, or staff focusing on other tasks.
- **Adding Additional Units:** There might be room on the property to add additional units, whether it be more cabins, tiny homes, or hotel rooms.
- **Add Additional Amenities:** A new buyer could potentially add a swimming pool, pickleball courts, and more. Various additional recreational amenities could be added, depending on the availability of unused outdoor space.
- **Add a "Resort Fee":** Resort fees that are in the range of 6-8% exist at many hotels/resorts. Adding a resort fee of just 6% to the total lodging revenue at the property would add a significant number directly to the bottom line. That being said, amenities would need to be added to justify this additional fee.
- **Implement Dynamic Pricing Software:** Rates could be automatically adjusted depending on demand. By utilizing this software, owners can automatically increase ADR. This may already be utilized at your property.
- **Market to Long-Term Stays in the Winter** to keep occupancy up in the slower months
