PERMIT NO: ELEC2024-0135

ELECTRICAL FINAL**

INSTRUCTIONS AND INFORMATION REGARDING INSPECTIONS

CALLING FOR AN INSPECTION: When a portion of work that requires an inspection is complete, call the Building Inspection office at (510) 578-4261 at least the day prior to the day of the requested inspection to schedule the inspection. Inspection requests can be made using our voice mail system up until 8:00 AM of the day of the requested inspection. Please be ready to give the operator the project address, the type of inspection requested, morning or afternoon preference, and your name along with a phone number. If you made the request using our voice mail system we will call you back to confirm you inspection.

TIME OF INSPECTIONS: Inspections are conducted between 8:40 AM and 12:00 noon, and between 1:00 PM and 4:30 PM. Morning or afternoon inspections can be requested. If an applicant wishes to narrow down the time the inspection will be conducted please call the inspection office at 510-578-4261 between 8:00 AM and 8:30 AM and ask to talk to the inspector assigned to your project. Often, inspections times can be narrowed down to a one hour window.

CANCELING AN INSPECTION: If you must cancel a requested inspection, please do so before 5:00 PM the day before the requested inspection. If you cancel your inspection after 5:00 PM the day before the requested inspection you will be subject to a cancellation fee.

WORK READY FOR INSPECTION: Work for which an inspection has been requested shall be complete at the time the inspector arrives at the site. If there is no access or the work is not complete and ready for inspection, you will be subject to a re-inspection fee.

PAYING A CANCELLATION OR RE-INSPECTION FEE: Cancellation and re-inspection fees must be paid before inspections can resume. The fees can be paid at the Building Inspection office located in City Hall.

APPROVED DRAWINGS ON SITE: The approved drawings shall be on site and available to building inspectors when they are conducting inspections.

CHANGES TO APPROVED DRAWINGS: City approved drawings are the only construction documents building inspectors can use during an on-site inspection. If actual construction does not match the drawings either the construction must be redone or revised drawings reviewed and approved by the Building Inspection Division.

EXPIRATION OF PERMIT: The building permit authorizing this work will expire if; 1) work has not begun within 180 days from the date of permit issuance, or, 2) work is suspended or abandoned for a period of 180 days at any time after work has begun, or, 3) a period of 180 days has elapsed since the most recent inspection approval, or, 4) the work has not been completed and has not received final inspection approval within two years from the date of permit issuance. Should the building permit expire, before work can begin again, either the permit shall first be renewed or a new permit shall be obtained. If a permit is about to expire, permit extensions for a period not to exceed 180 days may be obtained. To extend a permit please visit the Building Inspection Division office.

REQUESTING A PERMIT EXTENSION: If a permit is about to expire, you may extend such permit for a period not to exceed 180 days by requesting an extension. To extend a permit, please visit the Building Inspection Division office.
