DESCRIPTION

Conveniently located on Highway 190 in Mandeville, blocks from the Premier Centre, lies The Village Shopping Center. The cottage-style shopping center is family friendly and positioned in a high-traffic, high-visibility area. It features 16 retail spaces that include national and local boutiques, doctor's offices, and a full-service restaurant. The center also contains executive office suites on the second floor, above the former Martin Wine Cellar space. The property shares cross-access with Hotworx, Jos. A. Bank, Lilly Pulitzer, and Ochsner Urgent Care to the southeast and Pelican Athletic Club to the east.

The Mandeville community is the metro leader in average household income over \$139,000. This strong retail corridor coupled with strong growth and high income levels translates into an excellent retail location.
