SURVEYED BY W.N. SLOAN

Scale: 1" = 80'

January 1923

1/10 1/18

North Carolina,  
Macon County.

Personally appeared before me this day W. N. Sloan,  
who being duly sworn says that the above plat was prepared by him  
from an actual survey made by him January, 1923, and that the same  
is in every respect correct according to the best of his  
knowledge and belief, and that the magnetic variation was for the  
above date. It is therefore adjudged that said plat has been  
proven as required by law. Let the same, with this certificate,  
be registered. This 25th day of May, 1925.
