Section 620 Commercial Districts: P, CBD, B-1, B-2, B-3.

The commercial zoning districts include: Professional / Office / Institutional District (P), Downtown Commercial District (CBD), Neighborhood Commercial District (B-1), General Commercial District (B-2), and Highway Business District (B-3).

620.1 General Provisions. In these commercial zoning districts, no building shall be erected, remodeled, extended, constructed, reconstructed, moved, or structurally altered, nor shall any building or land be used for any purpose except as hereinafter specifically provided and allowed by this chapter.

620.2 Specific Intent and Purpose.

- (1) In addition to the general purposes listed in Section 110, the specific purposes of these zoning districts are to:
 - (a) provide appropriately located areas for a full range of professional, office, institutional, service, and retail business needed by residents of, and visitors to, the City and region;
 - (b) strengthen the city's economic base, protect small businesses that serve city residents, and promote the sustained stability of commercial areas;
 - (c) create suitable environments for various types of business and compatible residential uses, and protect them from the adverse effects of inharmonious uses;
 - (d) minimize the impact of commercial development on adjacent residential districts;
 - (e) minimize the impact of industrial development on adjacent commercial districts;
 - (f) ensure that the appearance and effects of commercial buildings and uses are harmonious with the character of the area in which they are located;
 - (g) ensure the provision of adequate off-street parking, loading, and storage facilities, the minimization of lot coverage and impervious surfaces, the provision of adequate screening, buffering, and landscaping, and the provision of adequate illumination for commercial buildings and uses; and
 - (i) provide sites for compatible public uses which complement commercial development; and
 - (j) prohibit uses that are noxious or offensive by reason of the emission or creation of odor, dust, fumes, smoke, gas, noise, vibration, or similar substances or conditions which in the opinion of the City would be detrimental to the community interest.
- (2) The unique specific purposes of each commercial zoning district are as follows:
 - (a) **Professional / Office/Institutional District (P).**
To provide for areas where certain professional, office, and service commercial uses can coexist with compatible residential uses without the threat of encroachment of more intense retail or general commercial uses; to encourage such uses to remain in proximity to the business and activity center of the City thus reinforcing the highly pedestrian character of the historic downtown areas of the city; to encourage development (and redevelopment of non-conforming buildings and sites) which contributes to the small town architecture; to encourage non-linear development with shared parking, amenities, and access; and, to establish a transitional area to buffer surrounding residential neighborhoods from the highly active downtown center.
 - (b) **Downtown Commercial District (CBD).**
To recognize and protect the historic and current vital core of the city; to foster its continued existence as a commercial center for business, government, and service enterprises for the whole community; to encourage development of this district as a shopping, dining, living and activity center for residents, tourists, and the surrounding region; and to reinforce its small town architecture, character, and feel, and its pedestrian atmosphere, scale and movement by grouping specialized uses which benefit from close proximity to each other and by fostering full utilization of existing structures and infrastructure by allowing mixed land uses, contiguous construction, and shared parking facilities.
 - (c) **Neighborhood Commercial District (B-1).**
To provide for limited commercial uses in proximity to surrounding neighborhoods; to foster the retailing of goods and furnishing of selected services while protecting nearby residential properties from possible adverse effects; to encourage development and redevelopment of these areas as neighborhood convenience centers, thus not encompassing a full range of business activities but rather those which serve the needs of the immediate neighborhood; and establish a transitional area as a buffer between residential, pedestrian areas and areas of higher vehicle traffic and more intense commercial development.
 - (d) **General Commercial District (B-2).**
To provide for a range of commercial uses that supply commodities or services for both the community and regional market; to collect and consolidate such uses primarily on arterial streets and at major intersections; to minimize strip development along streets and roadways; and to provide adequate locations buffered by lighter commercial areas for those commercial activities which are frequently incompatible in close proximity to residential areas due to services,

operations, or processes that are objectionable by reason of odor, dust, bright lights, smoke, noise, vibration, traffic volume and/or congestion, and exterior activities, storage, or displays.

(e) **Highway Business District (B-3).**

To provide an area for commercial establishments that normally depend on the traveling or commuting public for business and that generally offer extended hours of service; to allow the development of uses that usually involve larger vehicles transporting goods and servicing both commercial and industrial areas, the sales of motor vehicles and heavy equipment, and warehouse and commercial storage uses; to collect and consolidate such uses primarily on state and federal highway intersections; and to minimize strip development along streets and roadways; and to provide adequate areas for those commercial activities that generally offer extended business hours beyond the typical 8 a.m. -6 p.m. work schedule and that frequently experience periods of higher traffic volume.

620.3 Commercial Land Use Regulations (P,CBD, B-1, B-2, B-3). The commercial zoning districts referenced below correspond to the districts listed in Section 620 and intent statements in Section 620.2. In **Table 7 -Commercial Zoning District Land Use Regulations**, the letter "P" designates use classifications permitted in commercial zoning districts. The letter "C" designates use classifications allowed by approval of a conditional use permit, see Section 1425. The letter "X" designates use classifications prohibited. References listed under "see section" reference additional regulations located elsewhere in this Ordinance or the Code of Ordinances. For further definition of the listed uses, see Article II. For the chart of dimensional requirements and exceptions, see Article VII.
