PROPERTY DESCRIPTION

5040 Pacific Blvd SW presents a strong opportunity for a wide range of buyers. Spanning 6.84 acres across nine tax lots, the property features seven buildings totaling approximately 46,287 square feet of usable space that spans an entire city block.

The site is currently operating as an automotive dealership and benefits from flexible Community Commercial (CC) zoning, which supports a broad range of allowable uses—including retail, industrial services, contractor yards, manufacturing, and production. The combination of significant building area and surplus yard space makes this a rare and versatile asset in the Willamette Valley, well-suited for both owner-users and investors seeking a functional, well-located property.
