## The Sheaborhood

The 32nd Street corridor from the SR-51 Freeway North to Greenway (the “Sheaborhood”) is one of Phoenix’s fastest growing markets. Identified by the City as the North 32<sup>nd</sup> Street corridor, the City has dedicated policies and incentives in place to revitalize the area. The North 32<sup>nd</sup> Policy Plan leads off by reminding us that “North 32<sup>nd</sup> Street was the main north-south transportation corridor in North Central Phoenix” – until SR-51 was extended past Shea Boulevard to the Loop 101 Freeway. The Policy Plan then recommends (among other items) the revitalization of the Corridor by redeveloping certain properties, encouraging residential and commercial investment, increasing densities, branding, increasing landscaping, promoting walkability and other positive improvements to upgrade the number and types of businesses by increasing visitation and to improve the amenities for residents of the area.

**The bird house** delivers upon and promotes the letter and spirit of the North 32nd Policy Plan by redeveloping a down-trodden property with a quality development that will provide branding, increase landscaping, promote walkability, and positively add to the vitality, synergy, diversity, and population of the Sheaborhood.
