ENGINEER'S NOTICE TO CONTRACTOR

The existence and location of any underground utility pipes or structures shown on the drawings are obtained by a search of the available records. To the best of our knowledge, there are no existing utilities except as shown on these drawings, and we assume no responsibility as to the accuracy of their depicted location on these drawings. The Contractor is required to take due precautionary measures to protect the utility lines shown, and all other lines not of record and/or not shown on these drawings by verification of their location in the field prior to the initiation of construction.

SAFETY NOTICE TO CONTRACTORS

In accordance with generally accepted construction practices, the Contractor will be solely and completely responsible for conditions of the job site, including the safety of all persons and property during the performance of the work. This requirement will apply continuously throughout the duration of the project and will not be limited to normal working hours.

The duty of the Engineer to conduct construction review of the Contractor's performance is not intended to include review of the adequacy of the Contractor's safety measures in or near the construction site.
