OVERVIEW

DEVELOPMENT

With over 5 million square feet of Class A warehouse space, bioresearch facilities, and office space successfully brought to market, Matan's development team knows how to deliver multi-million-dollar projects on time and on budget. Our project management team customizes your space, staying with you from concept through construction to ensure superior satisfaction.

ASSET MANAGEMENT

Maximizing returns starts with enhancing value. Matan's asset managers strategically evaluate each investment property from real estate and capital market perspectives—identifying new efficiencies, finding innovative revenue opportunities, and mitigating risk.

LEASING

Matan's approach to integrated leasing services fits each tenant's individual goals. Count on our leasing specialists to be there at every step from the initial showing through negotiations, tenant improvement coordination, expansions, and lease renewals. Thanks to a lack of bureaucracy and the expertise of our market-savvy brokers, we make decisions in days rather than weeks.

PROPERTY MANAGEMENT

Whatever it takes. That's the mantra of our experienced property management team. We vigilantly meet the day-to-day needs of each property while keeping an eye on opportunities to maximize operational efficiencies and create quality tenant experiences.

COMMUNITY PHILANTHROPY

We know that our investments in properties and assets remain secondary to the investments we make in our local community.

Through the long-standing relationships we've nurtured with local volunteer organizations, community groups, and non-profits, the Matan family actively pursues the improvement of our environment and the lives of our neighbors. Our employees and leadership team continue to spearhead community improvement efforts, day in and day out. From organized employee/community service outings, to leadership within various community organizations, such as the YMCA, Frederick Rescue Mission, Blessings in a Backpack and SHIP, our team remains committed to investing in our number one asset: **our neighborhood.**

GREEN INITIATIVES for design & construction of Matan Assets

LAND

- Full control of Sediments and Silts during Construction
- Treating Rainwater Runoff Through ESD Gardens and Pervious Pavers
- Reduced Heat Island Effect Through Street / Parking Lot Tree Plantings
- Preserve and enhance existing natural areas
- Transit Oriented Development
- Treating Rainwater Runoff Through ESD Gardens

STRUCTURE

- Will implement strategies to mitigate the heat island effect, including using reflectance roofing materials by using a combination of strategies such as "cool roof" surfaces, insulation, and radiant barriers. A "cool roof" utilizes high solar reflectance and high emissivity to reflect radiation and reduce heat absorption on the roof surface.
- Reduced Heat Island Effect Through Utilization of White TPO Roofing
- Low E Glass Windows
- Use of Large Window Openings for Allowing Daylight into the Space
- Low Flow Plumbing Fixtures
- Factory Fabricated Structural Steel
- Use of Locally Sourced Construction Materials Where Possible
- Indoor Air Quality plan implemented and followed for construction
- Factory Fabricated Structural Steel
- Structure will be able to be recycled at the End of its Useful Life

LAND

- Environmental Tobacco Smoke Control Compliant Campus
- Storage and Collection of Recyclable Materials
- Level 2 EV Charging Stations tied to solar
- Installation of Solar Panels to provide supplemental power to base building systems.
- Energy Metering
- Use of Low VOC Materials
- Use of Materials with Recycled Content
