INVESTING IN EVERETT.

*A homegrown company committed to creating
a vibrant place for people to live and work.*

We're local. Everett is not only where our company has been anchored for over 50 years, it is our home. Supporting and improving Downtown Everett is our priority. Our commitment runs from animating the sidewalk experience with colorful flowers and public art, to viewing our properties through the lens of long-term investment, measuring returns in decades, not years. This perspective frees us to choose quality over a quick fix, to do it right the first time, and to value relationships over short-term success.
