INDUSTRIAL PARK

OVERVIEW

SK Industrial Park consists of six state-of-the-art industrial buildings on over 43 acres of land. Current layouts include size options from 40,000 square feet (sf) up to over 530,000 sf of modern, warehouse/distribution space. Located just off Highway 401 in prime Ajax, SK Industrial Park is well situated to service the Durham Region, the GTA and all of Eastern Canada. Built with specifications in mind for the most discerning distribution companies, this development will come equipped with 36-to-40-foot clear heights, depending on the building size. In addition, the buildings are designed with one truck level shipping door every 7,000 sf, and bay sizes that will maximize layout and pallet positions.

Located minutes from Highways 401, 412 and 407, the site offers excellent trucking access to the GTA as well as ease of access to the rest of Eastern Canada. Positioned 35 minutes from downtown Toronto, Ajax offers better drive times to the core than Milton or Caledon. Additionally, Durham Region offers a wide range of skilled and unskilled labour to support a variety of businesses, from distribution to manufacturing.
