The Marcy Building

Serving Riverside For Generations

Built in 1957, the former Marcy Branch Library stands as one of Riverside's most distinctive Mid-Century Modern buildings. Its circular design and open interior layout made it the only library of its kind in the United States, reflecting a forward-looking vision for community use and flexibility.

Located in the newly imagined Midtown District, known for its tree-lined streets, walkability, and family-oriented community. The Riverside Plaza is a premier shopping center, only steps away from the building. This is one of Riverside's best commercial corridors where office and retail vacancy is historically low. The Marcy Building offers an exceptional opportunity for a buyer or tenant.
