PAINE FIELD'S MASTER PLAN

Paine Field's Master Plan outlines a \$297 million strategy to accommodate projected passenger growth from 1 million in 2019 to 4.3 million by 2040. Major initiatives include expanding the terminal by up to 156,000 square feet, upgrading airfield infrastructure, and building a new six-level parking garage. The plan was approved by the Snohomish County Council and will be funded through a mix of FAA grants, private investment, and local airport revenues.

MUKILTEO WATERFRONT DEVELOPMENT

The City of Mukilteo and the Port of Everett are collaborating on a long-term redevelopment of the Mukilteo waterfront. Plans envision a mix of public amenities including walking trails, scenic viewpoints, local dining, and cultural or educational spaces near the ferry terminal and former tank farm site. The redevelopment aims to improve public access, celebrate Native heritage, and boost economic vitality along the waterfront. It is currently in the planning and partnership formation phase, with community engagement ongoing.
