Fishers is one of the fastest growing communities in America. With a population of 92,000, compared to 38,000 in 2000, growth is forecasted to continue at 2% annually for the next 10 years. The town has affordable homes, good healthcare, and a diverse business sector. A growing economy, urban amenities and a wealth of recreational opportunities, including 14 parks and 85 miles of trails and greenways, are just a few of the reasons Fishers has seen a steady stream of relocating families. And, although Fishers is a mere 20 miles from downtown Indianapolis, Fishers boasts its own bevy of urban amenities.
