City of Bloomington - Zoning

D-1 Central Business District. The intent of this D-1 Central Business District is to provide for a variety of retail, office, service, residential and cultural amenities in the central business area of the City. This area has historically served as Bloomington's major retail and community center and will continue in this capacity moving forward. In addition to commercial and governmental functions, arts and establishments supporting the arts are emphasized. Residential uses, particularly mixed-use or multifamily residential development at a high density, are recognized as essential to the vitality of the district. While visitors are likely to access the D-1 district by vehicle, pedestrian access and circulation is prioritized in the downtown core. Recognizing the essential importance of building proximity to the public sidewalk and adjoining structures, provisions are made for the development of collective off-street parking facilities by public and private interests.
