**W**ooldridge Creek Winery, originally a passion project for Ted and Mary in the 1970s, has grown into a premier commercial vineyard, winery, tasting room, and creamery, now encompassing 11,300 square feet. The facility is uniquely constructed with recycled steel trusses from an old storage building and logs harvested on site, reflecting a commitment to sustainability and local craftsmanship. With a production capacity of 31,500 cases, the winery currently produces 5,000 cases annually, in addition to offering keg and bulk wine from twelve varietals. This

expansion potential makes Wooldridge Creek Winery an attractive opportunity for growth in both case production and event hosting.

Visitors are invited to experience the charm of Wooldridge Creek Winery by booking one of the property's delightful vacation rentals for a weekend getaway. Guests can enjoy the serene vineyard views, savor a diverse selection of handcrafted wines, and indulge in artisanal cheeses made in the on-site creamery. Open daily, the tasting room provides an inviting space to explore the rich flavors of Wooldridge Creek Winery's offerings, making it a must-visit destination for wine enthusiasts and those seeking a unique, memorable experience.
