

TERMINUS

WHERE EVERYTHING YOU WANT

MEETS EVERYTHING YOU NEED

WHAT OUR CUSTOMERS ARE SAYING

“Lockton’s 50-year philosophy is centered around our fierce commitment to serving our clients day in and day out. As a customer of Cousins at Terminus since 2007, the Lockton team has always felt at home as Cousins’ and the Terminus team consistently reflect our ideals and share our passion for customer service. Today in Buckhead there are many fantastic options for high-quality Class-A office space. In my experience, Cousins’ offering is superior and has been the best option for Lockton. The Terminus team provides, not only an unparalleled level of service at one of the most desirable locations in the city, but has also listened and creatively responded to the customers and the community by expanding the amenity offering and providing a welcoming common area and conference facility at the property.”

- DOUG HUTCHERSON, PRESIDENT

“We’re an innovative company that designs, develops and markets baby and infant products to retailers around the world and have been a customer with Cousins for over a decade. We’ve had an exceptional experience with the company so when we decided to move to the city from the suburbs there was no doubt that it would also be a Cousins property. The move to Terminus in Buckhead positioned our global headquarters in the heart of the city in a world-class location that enabled us to make a strong statement about our corporate brand. It allowed us to create a dynamic work environment with a design-driven showroom to display our product to visiting retailers from around the globe. Additionally, the location is a huge benefit for our traveling guests and customers as it’s surrounded by hotels, mass transportation, great restaurants and entertainment, which further strengthens the attraction to our headquarters in Atlanta.”

- RYAN GUNNIGLE, PRESIDENT & CEO

“North Highland’s strong growth in the global consulting arena created the need for more space for our global headquarters. In re-locating to Terminus 200, not only were our immediate expansion needs met, but everything about the move has exceeded expectations. Terminus’ first-class amenity package, coupled with its location in the heart of Buckhead, has provided a significant boost for our company, employees and clients.”

- DAN REARDON, CEO
