CBRE

Rail-Served Manufacturing Facility

PROPERTY OVERVIEW

CBRE, Inc. is pleased to present the rail-served manufacturing facility located at 4400 Don Cayo Drive in Muskogee, Oklahoma, for sale or lease. This is a good quality, one-story manufacturing facility comprised of five (5) buildings totaling $\pm 139,872$ square feet. The facility includes $\pm 132,878$ square feet of warehouse space and $\pm 6,994$ square feet of office space.

The facility consists of steel construction that was originally built in 1981 and later renovated in 2009. Located at the Port of Muskogee, the facility sits on ± 15.09 acres with access to an active rail spur serviced by Union Pacific Railroad. The Port of Muskogee provides access to airports, interstates, Class I rail, a designated Foreign Trade Zone and year-round water access to 21 states and globally via the Gulf of Mexico.

PORT MUSKOGEE

As one of the nation's most inland ports, Port Muskogee excels in industries where access is everything — access to markets, talent, and industrial sites. Anchored by a 450-acre intermodal transportation complex located on the banks of our nation's most inland waterway, Muskogee is a thriving economic ecosystem with seamless access to airports, interstates and Class I rail. It's here that highly-skilled and low costs meet to form an ideal business environment for companies looking to reduce costs and reach global markets.
