INVESTMENT OVERVIEW

The Ovaness-Rostamian Group of Marcus & Millichap is pleased to present this corporate-leased T-Mobile asset, through an auction process scheduled for August 3rd through August 5th.

The property offers investors durable in-place cash flow with current annual rent of \$115,465 and a scheduled 5% rent increase in September 2027. The lease structure is double-net, providing for a passive ownership profile with limited landlord responsibilities.

The tenant, T-Mobile USA, Inc., recently extended the lease for one additional year and retains a single One-year option, signaling continued operational commitment while simultaneously creating a compelling near-term repositioning or mark-to-market opportunity for a future owner.

Strategically located along US Highway 31 South, the property benefits from excellent visibility and access, with traffic counts exceeding 37,000 vehicles per day. The site sits within a highly active retail corridor anchored by top national brands and supported by over 31 million annual visits within a 1.5-mile radius. Immediate proximity to major automotive dealerships further reinforces consistent daily traffic to the area.

Originally a Sprint location, the property was fully renovated in 2022 at the tenant's expense following the T-Mobile/Sprint merger, demonstrating continued investment in the site. Additionally, recent capital improvements, including HVAC upgrades, further enhance the asset's condition.

This offering combines strong corporate credit, proven site performance, and a dense infill retail location, making it well-suited for investors seeking stable income today with embedded upside through the upcoming lease rollover.
