RIVER OAKS

Currently undergoing a dynamic redevelopment phase, featuring eight townhouse projects that will introduce 20 new units in the near future.

This initiative is a collaboration between Eco Developers and Anac Global Realty, both of which bring extensive expertise in this type of development and in the Fort Lauderdale market. The area currently boasts a mix of recently completed projects, units under construction, and others in the planning stages. Once completed, River Oaks is set to become one of Fort Lauderdale's most vibrant neighborhoods. With its convenient access to major roads and highways while remaining on the edge of downtown, River Oaks is well-positioned for significant growth in the coming years.
